ACTION TREMENDOUS SCALE NECESSARY TO UPHOLD RIGHTS, SENATE HOUSE REALIZE

WILSON WAITS MOMENT TO DELIVER HIS ADDRESS

Large Majority of Congress Will Back Up President's Program, First Step in Which is Believed to Be Declaration That State of War Exists Between United States and Germany—Flood Prepares Resolution Authorizing President to Carry on War to Successful End.

SESSION MOST MOMENTOUS EVER HELD

WASHINGTON, April 2.—President Wilson will address a joint session of the congress at 8 o'clock this evening.

The Indianapolis News Bureau, 33 West Building.

WASHINGTON, April 2.—When the sixty-fifth congress met in extraordinary session at noon today President Wilson was ready with his address, which was believed would ask that a state of war already exists between the United States and Germany. The President waited only for the organization of the house of representatives.

The session of congress beginning today is generally agreed to be the most momentous in the history of the republic.

The congress assembled with a large majority openly in favor of a declaration of a state of war, if not actually a declaration of war.

Speaker Clark was re-elected today.

A vote of 317 to 25 over his Republican opponent, Representative Mann, Speaker Clark was placed in nomination for the speakership by Representative Schall, of Minnesota, a Progressive.

Republican Leader Mann was nominated by Representative Green, of Massachusetts, and seconded by Representative Lenroot, of Wisconsin.

Four hundred and twenty-nine of the 435 living members of the house answered present.

The absentees were Representative Capstick, of New Jersey; Helgesen, of North Dakota; and Bishop, of Massachusetts.

Representative Lee, of Georgia, Democrat, two members-elect are dead.

Immediately after the calling of the roll, Representative Schall, Progressive, of Minnesota, addressed the house, saying he would vote for Speaker Clark.

Schall prefaced his remarks by declaring the country should stand united in this crisis and stand by the President.

Standing by Wilson.

"I, with my slight eyes," he said, "would be of little use to my country on the field of battle, but I can cast my vote to help it. I know of no better way to stand by the President than to return his party to the control of the house."

Democrats applauded Schall, but Republican Leader Mann, of Wisconsin, seconded the nomination.

"The gentleman from Minnesota has placed Mr. Clark in nomination," said Clark.

"I am glad to," said Mr. Schall.

Representative Green, Republican, of Massachusetts, then nominated Representative Mann, of Illinois, for Speaker.

Representative Lenroot, of Wisconsin, seconded the nomination.

Representative Lenroot said that as a Republican he could not permit to go unchallenged the assertions of Representative Schall.

"He has said that patriotism demands that the organization of this house be turned over to the Democrats," said Lenroot. "I can not admit that Republicans are less patriotic than Democrats. There ought not to be any question of the organization of this house. There will be none on the Republican side of this house. What we need is the assistance of every American citizen."

When Mr. Lenroot finished his remarks, Representative Schall, of Minnesota, again addressed the house, saying that he would vote for Mr. Clark.

URGES RESPONSE TO THE CALL

Governor Goodrich Sends Open Letter to Lieutenant-Commander E. F. Clement.

HAS FAITH IN THE PEOPLE

Recruiting Officer Takes Steps to Fill Indiana's Quota of 800 by April 20.

Governor James P. Goodrich, in an open letter addressed today to Lieutenant-Commander E. F. Clement, chief of the Indianapolis navy recruiting station, made an urgent appeal for a patriotic response on the part of the people of Indiana to the immediate call for 4,000 men issued by the United States navy.

Put on Full Steam.

Faced with the problem of obtaining 800 recruits for the United States navy before April 20, as ordered by the department, Lieutenant Clement and the officers at the local recruiting station put on full steam for the race to enlist that number of men during the next three weeks.

The very highest of patriotic motives should stir the citizens of Indiana at this time, Lieutenant Clement said, "if the state is successfully to meet the obligation which has been laid down in the orders from the navy department. I believe that the people throughout the state should realize the urgent need that confronts the naval forces of the country at this time."

Governor's Letter.

The letter written by Governor Goodrich to Lieutenant Clement was as follows:

"My attention has been called to the fact that the most immediate need of the nation in a military way at this time is in its navy and that the nation is calling on Indiana for its quota of men."

The number Indiana is expected to furnish is 800, and it is the duty of the state to see that this number is furnished by April 20, so that if this state is to do its duty more than forty men must be recruited each day from now until April 20.

I would suggest that an appeal be made to the patriotic citizens of the state through the newspapers, city, county and state officials, and the patriotic societies, bringing this matter to the attention of young men of the state, so that they will be prepared to respond to the call at this time.

Patriotic mass meetings are properly being held in every part of the state and in each of these gatherings the immediate needs of the navy should be especially emphasized.

Indiana has always done its duty to the nation in every crisis and I am sure it will not fail at this time.

Activities at Station.

Today activities at the navy recruiting station in the Federal building and the substitution at 12 West Ohio street, indicated that the people are responding to the call for 800 men. Twenty men applied for enlistment at the local station and word was received that twenty-seven more men were on their way to Indianapolis for such a declaration.

Liar, Says Lodge. "That is cowardice," retorted one of the group. "National degeneracy is worse than cowardice," replied the Massachusetts senator.

Lodge are a coward," said Bannwart. "You are a liar," retorted Senator Lodge.

Bannwart advanced and struck the senator, who then, despite his sixty-six years, struck a blow that sent Bannwart sprawling on the hard tiles of the corridor. Bannwart and several of his friends were taken in charge by the central police.

Second Man Takes a Hand.

Bannwart told the capital police he was not the aggressor and contended that Senator Lodge struck the first blow. In other respects his story did not differ greatly from that told by employees of the central police.

After Senator Lodge finished with the pacifist, David B. Herman, of this city, stepped in and, according to the Massachusetts senator's desk and shook his hand.

Pacifist Explanation. Pacifist headquarters gave out a statement about the affair, which in part was as follows:

"A group of Massachusetts delegates to the peace gathering were received by Senator Lodge. A plea for peace was presented and replied to by Senator Lodge. On some further talk by Alexander Bannwart, of Boston, an American."

DEMONSTRATION IN FRONT OF DUMA BUILDING

TERM HYPOCRITE APPLIED

LONDON, April 2.—The German emperor and Chancellor von Bethmann-Hollweg were bitterly denounced by Deputy Skablov, vice-president of the council of workers, soldiers and delegates, during a demonstration in front of the duma building, according to a Petrograd dispatch to Reuters.

Deputy Skablov, addressing the thousands of soldiers and civilians who took part in the demonstration, said: "To the hypocritical greeting sent the Russian revolutionaries by Wilhelm and Bethmann we can only reply with the banner: We can not shake hands with the German people until they have rid themselves of the cursed Hohenzollern and Bethmann-Hollweg."

PERSONAL ENCOUNTER OCCURS IN THE CORRIDOR.

PACIFIST TAKES THE COUNT

WASHINGTON, April 2.—A personal encounter between Senator Lodge, of Massachusetts, and Alexander Bannwart, of Dorchester, Mass., in which the senator knocked his opponent down, occurred today in the corridor of the capitol.

Bannwart, with the Rev. Paul Harris Drake, of Christ church, Dorchester, and several other men and women of pacifist delegations, called Senator Lodge to the door of his committee room and asked him to vote against a declaration of war with Germany. Senator Lodge replied that if President Wilson asked for such a declaration he certainly would support it.

Liar, Says Lodge. "That is cowardice," retorted one of the group. "National degeneracy is worse than cowardice," replied the Massachusetts senator.

Lodge are a coward," said Bannwart. "You are a liar," retorted Senator Lodge.

FRANCE IS ON TIPTOE FOR WASHINGTON NEWS

WILSON'S WORDS AND CONGRESS HAVE FIRST PLACE

AMERICAN FLAGS READY

PARIS, April 2.—What President Wilson would say to the American congress and what the congress would do held public attention in France today more than any other development during the war since the battle of Verdun. The newspapers give extraordinary prominence to every word of the telegrams from Washington and New York forecasting President Wilson's message and the probable action of the congress.

The French people are being instructed by the editors as to congressional formalities and the possible delay therefor in the delivery of the presidential address and congressional action upon it. Quantities of American flags have been made ready for display whenever the news warrants it.

TWO CITIES ALMOST IN GRIP OF ENTENTE

Capture of St. Quentin Seems Certain as British Wedge Is Driven In.

FRENCH MOVE ON LA FERRE

Sharp Salient Formed in German Line East of Soissons—Turks Receive New Blow.

LONDON, April 2.—The British have captured Croisilles after a desperate defense by the Germans, Reuters' correspondent at British headquarters reports. The towns of Longatte and Dolgnes also have been captured by the British, who took some prisoners.

BRITISH HEADQUARTERS IN FRANCE (via London), April 2.—

British forces today widened the wedge they had inserted in the German line in the region of St. Quentin and captured the villages of Attily and Villecholes, respectively, southeast and northeast of the village of Vermand.

The British and French are knocking at the doors of St. Quentin, the medieval town that marks the backbone of the so-called Hindenburg line. Of the four railroads entering the city, two are in possession of the allies and the remaining are under fire of their guns. This means that the garrison must depend on a precarious supply line operated at night and that the value of the city as a base is gone. Apparently its fall is certain and this assumption is supported by unofficial dispatches from the front, which say the town has already been partly razed by the Germans.

Draw Still Nearer.

British forces today advanced to within two and a half miles of St. Quentin. Their lines were thrust forward from the west. In the meantime British forces northwest of the city today took the towns of Attily and Villecholes on the railroad line running from Reims to St. Quentin. The advance from the northwest was more gradual, but nevertheless continuing.

To the north of St. Quentin, the British are surging forward along a thirty-mile front, their rapid advance in the last few days, unaccompanied by any major fighting, proving that General Haig is in touch with the main German forces.

Germans Outgeneralized?

With St. Quentin and La Fere practically in the grip of the allies, the Lille-Laon line appears doomed and military critics express the opinion that either Sir Douglas Haig or General Foch never contemplated a stale here or that he was outgeneralized by the French advance of the French toward La Fere.

The British are driving a wedge in the direction of the important town of La Fere, ten miles north of St. Quentin, and now within five miles of the British outposts. At the same time General Haig is continuing his raids in the Arras sector, the official reports indicating that important operations are on in this, the extreme north battle line.

Three Miles Away

French patrols advanced last night to the German positions before St. Quentin, which they found to be held in force. South of the Ailette the French drove the Germans beyond Vauxaillon. The

WOMEN CELEBRATE DAY OF DELIVERANCE

MISS RANKIN SEATED AS FIRST CONGRESSWOMAN

HONOR GUEST AT BREAKFAST

WASHINGTON, April 2.—Representative Jeannette Rankin, of Montana, first woman member of the congress, took her seat in the house today after an elaborate prelude of ceremonies, in which woman suffragists predominated.

The principal occasion was a breakfast for "The Hon. Jeannette Rankin, of Montana," under the auspices of suffragists of the city.

Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, presided at the breakfast, and at her left was Miss Alice Paul, chairman of the National Woman's party.

Day of Deliverance.

"The day of our deliverance is at hand," was the keynote of Mrs. Catt's speech to the notable gathering of women which regards Miss Rankin's election as a demonstration of the power of woman suffrage.

Miss Rankin, in reply made the longest speech she has delivered since she arrived in the capital.

"The day after election," said Miss Rankin, "I looked very much as if I had not been elected, but it seemed to me that the campaign had been never-ending. I felt that the women had stood together, the women had learned solidarity. It seemed to me that the thing had been along worth striving for. I think that this breakfast has shown that the women are standing together."

Feels Responsibility.

"I want you to know how much I feel this responsibility. There will be many times when I shall make mistakes and it means a great deal to me to know that I have your encouragement and support."

Miss Rankin's entrance to the house was signalled by uproarious cheering and applause. Every member on the floor and everybody in the crowded galleries rose as, accompanied by Representative Evans, of Montana, she walked to a seat in the rear center of the hall.

If you attend to Pimples, Rash and all skin troubles with Poslam, and do so promptly, they will not develop and spread.

Unless you have actually seen Poslam's work and know how readily it takes hold, stopping the itching at once, you will hardly believe the effects possible in so short a time.

In Eczema, Poslam's action appears all the more remarkable when the trouble is persistently stubborn and nothing else seems to bring lasting relief.

KIWANIS CLUB PATRIOTISM

Governor Goodrich Speaks and Flag Presented to J. A. George.

A patriotic speech by Governor Goodrich and patriotic music were the features of the weekly meeting of the Kiwanis Club at the Hotel Savoy at noon today. Grant Earl MacGregor, pianist, gave a short recital before the Governor's address. The Masonic quartet, composed of Fred Loomis, Oliver Janssen, Homer Van Wic and Morris Meek, sang.

A large American flag, given by Frank Royer for the most popular member of the club, was presented to J. A. George, president of the club, after the members had voted unanimously that it should have the flag. At the close of the meeting the members and guests sang "America," a large flag hanging in the rear of the room being released while the singing was going on.

DEMOCRATS MAY NAME NEW STATE CHAIRMAN

LIVELY CONTEST ON FOR SUCCESSOR TO KORBLY.

MEETING TO BE HELD FRIDAY

A new Democratic state chairman may be chosen at a conference of the Democratic state organization at the Denison hotel next Friday, when the question of selecting fifteen delegates-at-large for the constitutional convention will be discussed.

At the last session of the Democratic state committee, Bernard Korbly announced that he intended to resign as state chairman. It was discovered then that there was a lively contest on between the friends of State Senator Walter Chambers, of Newcastle, and State Senator James E. Fleming, of Portland, to put their favorite across for state chairman. There is a possibility that neither one of these men will be selected, as their careers as members of the executive committee have subjected them to considerable criticism from some quarters.

W. H. O'Brien Mentioned.

William H. O'Brien, of Lawrenceburg, had been talked of for the place, but it is understood that he has definitely refused to take it.

The meeting Friday will be open to members of the state committee, the state executive committee, Democratic editors, and Indiana Democrats in the congress. A delegation of Indiana women has been invited to take part in the conference. At the last meeting of the state organization, the district chairman were authorized to appoint a committee in each district to select two women from each district to become members of the Democratic state executive committee. It is presumed that reports on this matter will be made at the coming meeting.

Convention Proposal.

At the last meeting, the Democrats appointed a committee, of which Mr. Korbly was chairman, to call on Will H. Hays, Republican state chairman, for the purpose of proposing a nonpartisan choice by the two parties of the names of men who would be the best candidates for delegates-at-large at the constitutional convention.

Mr. Hays responded by calling a Republican caucus, which was held at a committee composed of two men from each district to select two men from each district to become members of the state committee. The Republicans have no objection to the Democratic committee, but without power to act until another meeting of the Republican state organization is held. Mr. Hays will probably not call the Republican state meeting before next week. At the Democratic meeting, a committee similar to the Republican committee may be appointed for the same purpose. The Republicans have not yet done anything toward discussing or naming a slate and the Democrats have done so only informally.

Opposes Delegate Slate.

Indiana Typographical Union No. 1 has adopted resolutions opposing the plan under consideration by the Republican and Democratic state organizations for an agreement of a slate of candidates for delegates-at-large to the Indiana constitutional convention. The resolutions say some of the men mentioned as possible candidates in such a slate are opposed to any kind of a constitution and some of them are men controlled by corporate and special interests. The resolutions also say that the selection of candidates for delegates is a matter of party politics and that the Democratic state committee at its meeting in Indianapolis next Saturday, which has been called to hear a report of the negotiations that are being carried on with the Republican state committee.

J. L. CLARK WILL RETIRE.

Announces He Will Not Seek Place Again on Utility Board.

James L. Clark, a Republican, member of the public service commission, told Governor Goodrich today that he was not a candidate for reappointment when his term expires May 1. He said he wished to return to his law practice at DeWitt. The Governor, in making the announcement, complimented Clark on his work on the commission.

With the retirement of Mr. Clark and Thomas Duncan, May 1, and with the place formerly held by Edward M. Lee still vacant, it is possible that there will be three vacancies to fill on that date.

FIVE IN LIST OF SAILORS TAKEN BY GERMAN RAIDER.

AMERICAN CONSUL REPORTS

WASHINGTON, April 2.—Names of the American sailors taken from ships in the south Atlantic by the German raider and brought into Rio Janeiro on the French bark Cambronne were reported today by Consul Gottschalk as follows:

William Alfonso Clark, Berkeley, W. Va.; Luther Leathers, Van Wert, O.; John S. Kondon, East Jones, Ind.; Ernest Ray Gilbert, Kirkland, Wash.; and Manuel Guerrero, Guam.

The list differs in unimportant particulars from the news cable from Rio Janeiro. All the men have been turned over to Consul Gottschalk, whose report adds nothing to the news dispatches.

BOSTON, April 2.—Boston put on her war paint today. At the moment that the wires flashed the word that the congress had assembled in momentous session, the biggest Old Glory to which New Englanders ever raised their hats was flown to the breeze above Boston Common. A woman's voice began "The Star-Spangled Banner," and a host of hands struck up and a chorus from 100,000 or more men, women and children for the purpose of the Spanish war. War veterans hoisted their colors, the ceremony coming to a climax as a patriotic meeting addressed by the Governor, mayor and army and navy officers.

Martin council No. 78, I. M. T. Club, will meet Tuesday with Miss Alma Sherer, 21 Hamilton avenue.

Edward Cannon, bartender at the Peter Vasey saloon, 277 South Illinois street, was arrested Saturday for having a "blind tiger." Five men were found in the room of the saloon, according to the police, and a patrol wagon took them to the city jail.

Search for Three Young Men.

The police are searching for three young men who were riding in a stolen automobile, which early yesterday was in collision with a wagon at Illinois and St. Clair streets. The automobile was abandoned after the accident, in which Charles Perry, colored, was hurt. Perry was driving the wagon and was thrown from it. The automobile was stolen from Monument Circle early in the evening. It belonged to Clarence Hughes, 11 Whittier place.

First Number to Appear.

The first number of Heart of Trade, which will be issued by the Indianapolis Chamber of Commerce in the interests of the wholesale trade of the city, will make its appearance next Saturday. In celebration of this event, jobbers and traveling salesmen, who will act as circulating agents for the paper, will hold a dinner at the Chamber of Commerce Saturday evening.

To Charter Interurban Car.

Arrangements are being made to charter an interurban car for local members of the Y. M. C. A. who will attend the Indiana conference of several councils at Brazil, Easter Sunday. All members will attend church in a body the morning of the Indiana conference, and the largest in the evening. Gossage, seated at Richmond, will have charge of the degree work.

Moran Struck by Car.

Edward Moran, age seventy-four, of Southport, Ind., was struck by the back of a car and head early Sunday when he was struck by a street car at Alabama and Washington streets. Authorities at the city hospital, where he was taken, said he was not seriously hurt.

Policeman Marren Shoots Man.

Robert Gray, living in the 200 block in South West street, was shot in the left leg Saturday night when he attempted to escape from John Marren, a patrolman, who had been following him. He was taken to the city hospital where the wound was dressed, and later removed to the city prison. He is held on charges of burglary and petit larceny.

Addresses Postoffice Clerks.

Thomas F. Flaherty, of Washington, D. C., secretary-treasurer of the National Federation of Postoffice Clerks, spoke at an open house for the Indianapolis branch held Sunday at Moore hall.

\$40,000 Judgment Asked.

The Kalamazoo Stationery Company, of Kalamazoo, Mich., has filed suit in the federal court here against the Alexandria Paper Company, of Alexandria, Ind. The suit charges breach of contract in failing to supply paper and asks judgment for \$40,000.

SPIRIT OF PATRIOTISM GETS STRONGER DAILY

PROGRAM HELD AT THE INDIANA DENTAL COLLEGE.

MORE FLAGS ARE UNFURLED

The spirit of patriotism that last week resulted in so many flag raisings at Indianapolis factories and other centers gathered increased strength as it enrolled daily additional organizations. Demonstrations were held today at the Indiana Dental college and the plants of the Link Belt Company and of the National Motor Car and Vehicle Corporation. In addition, each new day witnesses the placing of many hundred more small flags in the windows of downtown office buildings.

With heads bared to the raw spring wind, more than 250 students of the dental college saluted Old Glory with three ringing cheers at the climax of a patriotic program held today in the college building at Meridian and North streets. The students marched from the college auditorium to Meridian street and stood at military salute, facing the building, while a large flag, bought by the students, was unfurled from the second story windows.

Several Make Addresses.

Before the flag raising, patriotic exercises were held in the auditorium, at which addresses were made by Lucius B. Swift, Dr. J. N. Hurty, president of the college; Dr. W. L. Heiskell, former president, and Dr. Frederic R. Henshaw, dean. The exercises ended with the singing of "The Star-Spangled Banner."

Dr. Heiskell, who was president of the college thirty-five years ago, and who is a veteran of the civil war, recited the poem "Your Flag and My Flag." Mr. Swift spoke of the present war and declared that this is a period in the world's history when all of the English speaking races should stand together. He said many of the democratic privileges which the people of this country enjoy have come down from the Anglo-Saxons as a result of the centuries of struggle which these people made against the sort of government illustrated by the Prussian rule of Germany today.

Dr. Henshaw told the students that they might have the opportunity to serve their country in the event of war. Their service, he said, will be most effectively given in dental work.

Link Belt Holds Demonstration.

Dr. Henshaw said that if war is declared arrangement will probably be made by the college to hold school during the summer in order that the present junior class may be graduated in the fall and made ready for service to the government. About eighty students of the school will be graduated in June.

Many hundred residents of Hawthorne joined with more than 1,000 employees from twenty-three departments in a flag raising at the plant of the Link Belt Company, 415 North Holmes avenue, at noon today. Proceeding the raising of a large silk flag, at the southwest corner of the main building, all the workers at the plant, led by the company's band, paraded the streets adjacent to the factory, each department carrying a large flag, bought by popular subscription, and each worker carrying a smaller flag.

A large crowd had gathered when the parade returned to the factory, and Old Glory was raised to the top of the newly erected flagstaff on the company's building, to the strains of "The Star-Spangled Banner," played by the company's band. Flags are flying in each of the twenty-three departments of the plant. A similar flag raising will be held tomorrow at the Belmont plant of the Link Belt Company.

Flags at National Plant.

A flag given by Robert Martindale and a flag bought by the company were raised simultaneously at the northeast and northwest corners of the main office building of the National Motor Car and Vehicle Corporation, at noon today, by a number of young women from the offices of the company. In the presence of about 1,000 employees and almost as many more visitors from the factory, a host of flags were raised at the plant. The National Band played as the two flags cleared the roof, rose to the top of the two flagstaffs, and leaped in the breeze as if conscious of the music and the cheering from below.

J. Nickel, of Indianapolis, a stepbrother of the late President McKinley, was the cause of the craning of many necks along Washington street during the morning when the company's flag was raised to the top of the flagstaff on the Merchants National Bank building to replace a flag rope that had broken Saturday. Clinging to the swaying pole, 20 feet above the sidewalk, Nickel spent almost half an hour at the work. When the rope again was in place, the large flag, which last Saturday, broke the rope as it flew in the wind, again was raised.

Saturday night windows were placed in all of the 1,027 windows of the Merchants National Bank building. Paper flags were the order of the day, and sufficient quantities to decorate all the windows. Paper flags also have been placed in the windows of the Occidental building, pasted to the lower sash panes.

Workers Buy Flags.

Charles A. Bookwalter spoke at a flag raising at the plant of Millipang & Irish, 214 West McCarty street, in the afternoon at 2 p. m. The flag was bought jointly by the company and by its employees, and workers from nearby factories and persons living near the plant had been asked to attend, with a view to constituting the flag raising as a community demonstration of patriotism.

A fund of \$50 was raised last week by employees of the Oakes Company for the purpose of buying a large flag to be raised tomorrow at noon to the top of an iron flagstaff, seventy-five feet high, at the company's plant.

I come from Bengal, India. My life has been devoted to writing poetry and teaching boys.

My school is at Bolpur. In many ways it is different from any other school in the whole world. You Americans will probably call it "outrageously new."

The boys in my school love to study. They rove the fields. They gather wild flowers. They sit in the branches of giant trees reading their books and listening to the songs of birds. They are up every morning to breathe the crisp air and see the sun rise.

15 minutes in the morning and 15 minutes in the evening they meditate. They remain quiet and exert the power of self-control, even though, instead of contemplating God, some of the little fellows may be watching a bird hopping from twig to twig.

My message will be read, I hope, by every teacher, every educator, every parent and every boy in this big country.

It is written for all America and published in the April issue of Hearst's Magazine.

NINE PROMOTIONS FOR RECRUITING SERVICE

NONCOMMISSIONED OFFICERS AND MEN REWARDED.

MANY OBTAINED FOR ARMY

As a reward for their work in helping the Indianapolis district of the United States army recruiting service obtain within three months 44 per cent of the year's quota of recruits from this district, nine noncommissioned officers and men were promoted to sergeant, corporal and private first class.

Corporal Virgil M. Hinkle, general service infantry, is promoted to the grade of sergeant and assigned to the Anderson (Ind.) central auxiliary recruiting station.
Corporal Earl C. Arnold, general service infantry, is promoted to the grade of sergeant and assigned to the Park and Square station, East Washington street, Indianapolis, Ind.
Private first class, Allen H. Hayes, general service infantry, is promoted to the grade of sergeant and assigned to the Park and Square station, East Washington street, Indianapolis, Ind.
Private first class, William Parkman, general service infantry, is appointed corporal and assigned to the Columbus (Ind.) central auxiliary recruiting station.
Private first class, John H. Hayes, general service infantry, is appointed corporal and assigned to the Columbus (Ind.) central auxiliary recruiting station.
Private first class, William Parkman, general service infantry, is appointed corporal and assigned to the Columbus (Ind.) central auxiliary recruiting station.
Private first class, John H. Hayes, general service infantry, is appointed corporal and assigned to the Columbus (Ind.) central auxiliary recruiting station.

The number of recruits apportioned to this district each month is 28, making a total of 336 for the first quarter ending March 31. The records in the local office show that during the month of January 19 men were accepted from this district, in February, 23, and in March 18. This makes 60 recruits for the quarter, or 17.8 per cent of the quota.

PENFIELD EXPECTS TO RETURN SOON TO VIENNA

AMBASSADOR WILL LEAVE THIS WEEK FOR UNITED STATES.

WASHINGTON IS SILENT

VIENNA, March 31 (via London, April 2).—Frederick C. Penfield, American ambassador, confirmed today the impression here that he expects to return to Vienna as quickly as possible. He said he might be gone three months. His residence here will be kept open.

The ambassador and Mrs. Penfield will leave Wednesday or Thursday. The news of Mr. Penfield's impending departure made a great stir here, but the first impression was offset by a statement from the Austrian press that his trip to Washington was to be made on account of President Wilson's wish to consult him in regard to the general situation in Europe. The state department's message to Mr. Penfield says that during his absence Joseph C. Crow, counselor of the embassy, will have charge. Mr. Crow is well acquainted with the situation in Vienna, where he has many friends in diplomatic circles.

At the foreign office it was learned that no significance was attached to Penfield's visit to Washington other than that given by the ambassador himself. Mr. Penfield has not been in the best of health recently, as he is suffering from the strain of the work incident to representing most of the entente powers here.

"ALMOST A PEACE OFFER."

Berlin Vorwarts Comments on Count Czernin's Interview.

LONDON, April 2.—The recent interview with Count Czernin, the Austrian foreign minister, in which he declared that the proposal of the central empires for a peace conference still held good, is regarded by the Berlin Socialist newspaper Vorwarts as "almost a peace offer," says a Central News dispatch from Amsterdam today. The newspaper, it is added, believes that the impending visit to America of the American ambassador at Vienna, Frederick C. Penfield, is not altogether unconnected with Count Czernin's statement.

NO OFFICIAL EXPLANATION.

Washington Does Not Admit Ambassador Is to Return.

WASHINGTON, April 2.—State department officials decline to throw light on the departure of Ambassador Penfield from Vienna. They would not admit that the ambassador was on his way home or that he had been recalled by Secretary Lansing for a conference, as press dispatches have said. The United States never has formally received Count Tarnowski, the new Austrian ambassador, who has been waiting here two months. In the charge, Baron Zwiernitz continued as official representative of his government in some quarters, the situation has been advanced that Mr. Penfield was being withdrawn so as to equalize the situation by leaving a charge at the head of the American embassy at Vienna.

Since the break between the United States and Germany, the governments of both Vienna and Washington have endeavored to keep their relations unchanged. Apparently both wish to keep communications open and prevent the confusion that would result through America's abandoning care of more than 1,000 prisoners and belligerent interests in Austria and Austria in Belgium.

Even in case the congress declares a state of war between this country and Germany it is understood the United States will not start any sort of action toward Austria. The only doubt felt here as to the continuous presence of American officials in this country in case of war with Germany is that it would be a serious strain to expect them to remain in neutral.

Former Austrian Ambassador Dumba was recalled on request by this country for consultation in both plots, and various other Austrian officials have been under surveillance since.

Charge Crow, who will have charge of the Vienna embassy, was transferred only recently to that post from Berlin, where he served as first secretary and ambassador Gerard until the break in diplomatic relations with Germany.

News March Circulation

For the month of March, the daily average circulation of THE NEWS was 118,224.

Owing to the scarcity of print paper, during the threatened railroad strike period, orders aggregating 50,000 copies received from agents, carriers and newsmen throughout the state were rejected.

The daily average circulation of THE NEWS in March, 1916, was 110,916; the daily average circulation of the second newspaper of the city was 86,192, a lead for THE NEWS of 24,724 copies.

In March, 1917, the daily average circulation of the second newspaper of the city was 90,501, while THE NEWS circulation, as above, was 118,224, giving THE NEWS a lead of 27,723. During the year from March, 1916 to March, 1917, THE NEWS made a daily average gain over the second paper of the city of 2,999.

The daily average circulation of THE NEWS in Indianapolis and other cities and towns in Indiana during March was approximately 97,000 copies. This does not include rural route circulation, and is nearly 7,000 copies a day more than the combined circulation of the second paper of the city in Indianapolis and all cities and towns and rural routes in Indiana. Within a forty-mile radius, THE NEWS had a daily circulation of 86,713 during March, which is within 3,800 copies of the second paper's total in the whole state.

RED CROSS SURGICAL ROOM OPENS

The snipping of scissors, the light touch of the pressing iron, the hum of quietly given instructions, a deft, absorbed following of directions, but no clattering of tongues, no pauses for small talk, not a hint of the proverbial atmosphere of flippancy associated with places where women assemble, was in evidence at the surgical room of the Red Cross, which opened for work today with a gratifying large number of volunteers present. The whitewashed walls and floors and white curtains, the white Red Cross banding the women in charge, and the piles of snowy gauze made an attractive workroom.

The work is under the direction of Mrs. Thomas Eastman, assisted by Miss Sara Sheerin, and consists of fitting out the box of surgical bandages for the city Indianapolis base hospital. A different kind of bandage will be made each day until the box is complete. A trained nurse will assist Mrs. Eastman each day in teaching the volunteers. Thirty-five women may work at one time, and as they are asked to be there only half a day at a time—seventy-two will be at work every day. Volunteers were coming in steadily during the day and it will not be possible to organize the classes definitely until some idea is gained of the number of women who will assist.

"We are very much pleased with the response," Mrs. Eastman said, "and the volunteers are doing very good work. We are sure that the movement is going to be a success."

Business Men Meet

TO CONFER ON DEFENSE

PLAN CAMPAIGN AGAINST EXCESS WAR PROFITS.

THE INDIANAPOLIS NEWS BUREAU.

WASHINGTON, April 2.—As the new congress assembled today, business men representing all parts of the country gathered in Washington at a call from the Chamber of Commerce of the United States. These men are the chairmen of the committees of the National Chamber of Commerce which are working with the committee recently appointed to co-operate with army districts in the collection of surplus supplies and the campaign against excess war profits.

They are to confer with Major-General Sharpe, quartermaster-general of the army.

SOUTH AND WEST READY FOR WAR, TAFT ASSERTS

RETURNS FROM SPEAKING IN NINE STATES.
HAS A STRENUOUS TRIP

NEW YORK, April 2.—William Howard Taft, returning to New York today after what he said was the longest and most strenuous journey he has taken since he left the White House, asserted that the people of the south and southwest are ready for war and that the United States must enter the conflict "wholeheartedly."

Mr. Taft spoke publicly in eleven cities in nine states from Virginia to Mississippi in behalf of the program of the League to Enforce Peace and urged on the people the necessity of preparation for war.

How United States Can Aid. Unless the war continues a year longer, an American army can not be placed in the trenches of Europe, Mr. Taft said, but the government can aid with food supplies, money and credit, and with the navy in suppressing submarines.

"The south and southwest are ready for the conflict with Germany," he said. "This great section of the country is ready for war."

Tells Florida Audience—Pacificists Have Done Their Worst. TAMPA, Fla., April 2.—Theodore Roosevelt, speaking to large gatherings here and in Lakeland, Fla., declared that the United States should declare war on Germany without further delay. He asserted the pacifists asserted they had done all they could to convince the world that the United States should be kicked with impunity.

Roosevelt, who arrived from Punta Gorda, Fla., where he has been fishing for octopus, left for Washington to be on hand during the extra session of the congress. He said he was in excellent health and killed three devilfish during the trip.

MONEY IS PLENTIFUL AND BUSINESS GOOD

RESERVE STATEMENT FOR THE SEVENTH DISTRICT.

GOOD DEMAND FOR PRODUCT

CHICAGO, April 2.—The report of business conditions in the Seventh federal reserve district, which covers most of Indiana, for the month of March, compiled by the chairman of the reserve board, is as follows:

"The banks throughout district No. 7 are well supplied with funds, as is evidenced by their small borrowing requirements and the low rate for money. Despite the uncertainties, both at home and abroad, savings banks report increased deposits and an increase in the number of accounts on their books. The investment situation is difficult to analyze, yet it appears to the consensus of opinion that investors are holding back and are in position to enter the market with considerable capital should the general situation clear up or should there be an attractive offering of conservative securities."

Weather Favors Wheat. "While it is early to estimate with any degree of accuracy the prospects for winter wheat, nevertheless, weather conditions have favored the crop over the greater part of this district and, unless a reversal of form occurs, it is believed that this district will produce a bumper crop of wheat this year. The grain markets have been very much disturbed because of the foreign situation, the submarine campaign, and the railroad disturbance. Fluctuations have been violent and shipping conditions have aggravated the situation. Authorities believe that the underlying conditions are sound and that the requirements of the foreign nations will maintain prices at high levels for some time to come.

"The manufacturers of the district are actively engaged and report a good demand for their products with serious difficulty in making shipments and in securing the necessary raw material. The transportation situation has been a serious problem and still is the cause for considerable thought to manufacturers and distributors in this part of the country. More cars are available than was the case a month ago, yet the supply is inadequate and in some cases has brought about the closing down of plants in this district. The agricultural implement concerns are finding a good demand for their products, at advanced prices, and the volume of their output is satisfactory.

General Conditions Good. "Automobile companies are confident of a continuing demand and are expanding their plants. "The demand for building material is fair, although there is a tendency to postpone construction on account of the high cost of materials and labor. "In the dry goods trade recent business has been of smaller volume than a year ago and a tendency toward conservative purchases is evidenced by letters from wholesalers and retailers. Collections are fair. The furniture business is fairly good.

"Grocers are generally selling a satisfactory volume of goods and collections are fair. Hardware is in excellent demand. Steel continues in strong demand at high prices. Leather has shown some falling off during the last few weeks, and shoe manufacturers are buying very cautiously."

EIGHTH DISTRICT PROSPEROUS

Uncertainty Has Had No Real Deterrent Effect. ST. LOUIS, April 2.—The report of the Eighth reserve district, of which southwestern Indiana is a part, issued by the federal reserve board, is as follows:

"Although the month has been one of great uncertainty, it can not be said that this has had more than a healthy deterrent effect on the business activities in this district. On the whole, business continues to be extremely active as during the previous month. Collections on general business from well-posted men in this district range from 'good' to 'extraordinarily good.' Comment on the character of business practically every branch of industry.

Department stores report a large and profitable business, with a demand for high grade merchandise of all classes. The volume of the public is extremely large and is increased by the many articles, particularly shoes and other leather goods, does not seem to have lessened the demand. Jobbing, in-

NEW YORK BANK'S ADVICE

NEW YORK, April 2.—In view of much that has been said of the ability of the banks to take a great government loan, says a statement issued today by the National City Bank, "it is well to emphasize the fact that it is far more desirable to have the loan taken by private parties. If the banks create new credit, the effect will be to inflate the situation and increase the reserve requirements. Moreover, the bank situation should be kept free and strong to deal with the business situation. "However, when the loans are offered they will come thick and fast, and the American people should be prepared to take them as a patriotic service. Saving for the loan should be in order here, as it has been abroad."

terests, especially dry goods, shoes and cookware, report satisfactory increase in shipments, unusually heavy orders for some months. Wholesale drug houses and chemical manufacturers report a very satisfactory business. Prices have continued to advance, and it appears that there is a scarcity in certain lines.

French Kindergarten Pupils to Give a Play

When Miss Helene Hibben found that no amount of effort and research could discover a French kindergarten play suitable for performance by the children of her French kindergarten, she proceeded to write a play, including book, lyrics and music, and she chose for her subject, "The House That Jack Built." The play will be presented at her home, 421 University avenue, April 4, and a number of friends have been invited to attend the performance.

"The house" has been built in a large bay window of the Irwin home. The setting will be further carried out by the children, who will represent the flowers in the garden about the house, the butterflies and the bees. These will be the youngest of the three groups whom Miss Hibben teaches. The next group, ages from six to nine years, will represent cats, dogs, rats, etc. They are the chorists. The oldest group, age from nine to fourteen years, will take part of "The maiden all forlorn," the man all tattered and torn," they represent the leaves. A pretty tableau in the doorway of the house comes at the end of the play. With the twenty-two children, the crowd in the closing chorus.

RESOLUTIONS FOR
UNIVERSAL TRAININGDEMONSTRATION AND MASS
MEETING AT CHICAGO.

DICKINSON ONE OF SPEAKERS

CHICAGO, April 2.—Resolutions pledging support to the government, urging universal military training as the only democratic method of national defense and demanding that if war comes that it be prosecuted with the whole power of the nation, were adopted here Saturday night at a mass meeting which closed a day devoted to parades of soldiers, the display of flags and other patriotic demonstrations. The resolutions urged the government with-out further delay to equip existing American troops, and those to be raised, with the most modern appliances of war, so that in equipment and effectiveness the army and navy shall be second to none.

Governor Among Speakers.

A committee, headed by Jacob M. Dickinson, former secretary of war, who was chairman of the mass meeting and delivered a heroic address, were appointed to lay the resolutions before President Wilson. Speeches were made by Governor Frank O. Lowden, of Illinois, Judge John F. McDermott and Dr. Francis W. Gunsaulus, Harry Pratt Judson, president of the University of Chicago, chairman of the resolutions committee, and Major R. H. McCormick, who seconded the motion for adoption of the resolutions, spoke in support of them.

Mr. Dickinson said in part: "American citizenship is in danger of becoming a term of world-wide contempt. The United States must vindicate its right to be a nation by protecting the property and lives of its citizens against unjust aggression. The crime of war has not justly been charged upon us. We are the only nation that ever went to war solely in behalf of the rights and liberties of other people. After establishing Cuba in her independence at our own cost, we promptly withdrew our armies."

Noxious Parasite.

"We have so long and so constantly idealized peace, that there has sprung up in our midst a noxious parasite, attaching itself to the body politic whose protection it enjoys. I mean those so-called pacifists who kill, even when our citizens are being murdered on the high seas, a general theory of humanitarianism above the country that sets them, and who would deny every principle of patriotism, such as the monuments of our national heroes and turn to the wall the pictures of Washington, Jackson, Lincoln and Grant, who through war, and the direct results of war, achieved their country's love and a place among the immortal few that were not born to die. "If we fight we must act with those who are now fighting Germany. The result will be quicker and surer, the outlay and hazard less, we will be at the council board when the terms of peace are adjusted and will not stand isolated when the war is over. If we have unsettled issues with Germany and have no part in the treaty of peace, then God help the United States."

Universal Service.

"The only way to impose the burden of national defense is by universal training and by universal service. It is not democratic to leave the sacrifice to be borne alone by volunteers. We should here and now let congress know where we stand on this question. If we go in it must be with all our might. We should have no war, or should wage war to the limit of our power."

JOHNSON AT PHILADELPHIA.
Great Patriotic Meeting Held in Independence Square.

PHILADELPHIA, April 2.—Resolutions pledging to the President loyal support in any action he may deem necessary to the protection of American rights on land and sea were adopted here Saturday at a patriotic demonstration which was probably the greatest in numbers that has ever been held in Independence square. The Atlantic and Pacific coasts, figuratively, shook hands at the shrine of American independence when Hiram Johnson, of California, brought an inspiring message of patriotism from the people of the west. The patriotic rally was one of the greatest and one of the most enthusiastic ever witnessed in this city. From the four corners of Philadelphia workmen and others by thousands marched to Independence hall.

At the end of the exercises a resolution in addition to the pledge of loyalty was adopted, endorsing universal military training as the only system that is sufficient to insure that the nation is able to put the system into immediate operation. Mayor Smith opened the meeting and Edgar F. Smith, provost of the University of Pennsylvania, presided. The speakers included C. Stuart Patterson, former president of the Philadelphia Board of Education; John D. Johnson, Senator B. B. Penrose and Lieutenant-General B. B. Young retired.

Mr. Johnson spoke of the spirit of America and the triumph of democracy. It was the spirit of America that had made the people of New England, he said, when they fired the first shots in the American revolution; that spoke through Washington, John Adams, Henry Clay, Monroe, Lincoln, Cleveland and Roosevelt, when they dealt with foreign countries; and next week, he added, the spirit of America will speak. "When the spirit of America speaks," then, he said, through the voice of the President of the policy of this great nation, you and I in the spirit of America will follow the policy that makes for the maintenance of American ideals and the protection of American lives. General Young urged the people to support universal military training, declaring it to be "the bull's eye of adequate preparation for the future." Senator Penrose spoke of the unpreparedness of the country and declared that if the nation were to be attacked, the result it will have been of effective value in encouraging members of the Congress to consider the crisis in international affairs unprepared.

KNOX PRINCIPAL SPEAKER.

Senator Pledges Support to Wilson at Big Patriotic Meeting.

PITTSBURGH, April 2.—Senator Philander C. Knox Saturday night publicly pledged his support to President Wilson, regardless of whether the President's future policy will be that of armed neutrality or a "war of aggression." The statement was made in the course of an address which Mr. Knox delivered at a great patriotic meeting in Exposition Music hall. "Believing as I do," said Mr. Knox, after he had carefully reviewed the causes leading up to the present international situation, "that the President's recommendation to congress will be that of Germany in attacking American ships and destroying American lives, which we should assume the defensive attitude of armed neutrality, or that they constitute such a grave offense against our rights that it demands a war of aggression to redress the wrongs we have sustained, I intend to support him in either choice, but with the certainty that if he presently recommends the former, the latter must inevitably follow, and that our instant duty is to prepare for the larger event."

On the President's recent action, I am with him heart and soul and I am only sorry that my body is too old to be available for any good. Do you remember the order to the minute men at Lexington? 'Stand your ground, don't shoot unless they shoot first, but if they want war, let it begin.' Whatever differences we may have

Nine More Players Came Today— Nine More Homes Will Get a Schaff Bros. Player for \$395

Late last week we got word that the factory was able to ship us 9 more of these Schaff Bros. Players. We promptly accepted the offer; the instruments were shipped at once, arriving this morning.

Last week we had 24 of these splendid instruments, all but 3 of which were sold in the first 6 days of the sale. The 9 that came in this morning make just 12 to be sold this week.

The offer is so unusual; the player is such a remarkable bargain at the price; the terms of payment were made so liberal—it is no wonder that the original lot was snapped up in 6 days.

The 12 players now on hand, which will be the last we can get to sell at this price, will doubtless be sold within the next 3 or 4 days. If you have the slightest desire to own a player; if you want to give your family the enjoyment, the education and inspiration that a player brings, we can not urge you too strongly to take advantage of this remarkable offer. At least come and look over these players right away—tomorrow!

The Whole Remarkable Proposition Boiled Down for Quick Reading

To every home in and around Indianapolis that has no player piano the offer described here is of vital interest. It is an offer that even the man of small income—if he has any instinct for money saving—can not afford to overlook.

The Schaff Bros. Player

This player is manufactured by Schaff Bros. Co., who have been making fine pianos since 1868—nearly fifty years.

We can not say too much for the materials and workmanship that enter into Schaff Bros. pianos and players. Expense has never been spared in the efforts to make these instruments sturdy, strong, dependable.

Test this player by looking it over carefully. Then compare it fairly with any other player selling at \$550. Compare the tone, the wood, the finish, the action; the keys, strings, hardware; compare the player actions thoroughly. If the Schaff Bros. player is not better in every detail than the player offered you at \$550, then don't buy it.

The Unusual Terms of Sale

1. With the player (your choice of mahogany or oak case) you get a handsome combination bench and 15 rolls of Q-R-S music.

2. You pay only \$395 for the player; \$10 down, the balance in small weekly or monthly payments to suit your convenience.

3. Your player will be doubly guaranteed—both by Schaff Bros. Co. and by the Pearson Piano Co.

4. Your money will be refunded without question if, within 30 days, you feel that the player isn't all you expected it to be, or if you can find within 30 days, at any other store any other player selling at \$550 or less which you feel is in any respect better than your Schaff Bros.

Could we possibly make a more liberal offer; could we in any other way so strongly show our faith in these players?

One Price to Everybody

The Reason for This Sale

A few weeks ago a slight change of design was made in this player. We bought the players of the dropped style at such a low price that we can now offer them at \$395, doubtless the lowest price at which so fine a player has ever been offered.

These are not out-of-date instruments. The only change that has been made is in the case, and that only in a small detail, the shape of the spool box opening.

The Complete Outfit

First—You get the splendidly built Schaff Bros. player in either mahogany or oak case.

Second—A handsome combination player bench.

Third—The following selections in Q-R-S rolls:

Poor Butterfly.
Where the Black-Eyed Susans Grow.
Golden Eagle March.
There's Egypt in Your Dreamy Eyes.
Star-Spangled Banner.
A Perfect Day.
Somewhere a Voice is Calling.

"LET'S go to the woods, Sunday!" suggested Shorty to his friends after school, Friday night.

"Bet you can't go. Your maw will make you dress up and go to church," said Skinny.

"Gee whizz! I don't need no new suit," whined Shorty to his mother Saturday morning.

Shorty stayed a way from home all day Saturday. On

the way home he told the fellows how he fooled his mother.

In the middle of the night Shorty awakened. He was so scared he couldn't move or call.

The "Dress Up" pixies were carrying away his old suit and shoes and blouse.

Sunday morning he had to sit in a front pew with his folks. But he didn't care so much when he saw all of his friends in the other pews—also in new clothes.

And he looked as nice as any of them and the girls saw him and smiled at him.

The "Dress Up" pixies got Shorty's new clothes here—2nd floor. Prices \$5 to \$15—and extra trousers.

ARMY SURGEON DEAD.

James A. Bigelow Had Served With Connecticut Infantry.

(Special to The Indianapolis News) ELKHART, Ind., April 2.—James A. Bigelow, age eighty, who lived here fifty years, is dead of pneumonia. He leaves a widow and two daughters. Bigelow was a surgeon in the Eleventh and Eleventh regiments, Connecticut infantry. He had many letters of thanks from veterans who say they owe their good arms or legs to his operations and plans of fellow-surgeons in the field hospital to amputate hastily.

He was once offered the position of chief surgeon in Bellevue hospital, New York. Bigelow traced his lineage back to King Edward I of England.

NEGROES COMING NORTH.

All Industrial Centers of South Affected by Shortage of Labor.

ATLANTA, Ga., April 2.—A growing scarcity of labor is being felt in every industrial center of the south as a result of the exodus of negroes to northern manufacturing centers under promises by labor agents of higher wages and social advantages. Official cognizance of the northward movement of negroes, which began a year or so ago, was taken today in the April report of the Atlanta District Federal Reserve Bank's board. Thousands of negroes have gone north, the first from the farms and later those from mining and other industrial centers.

PATRIOTISM RUNS HIGH AT UNIVERSITY SEAT

CO-OPERATION WITH ALLIES DEMANDED AT BLOOMINGTON.

RESOLUTIONS ARE ADOPTED

(Special to The Indianapolis News)

BLOOMINGTON, Ind., April 2.—Patriotism ran high at a mass meeting which packed the Harris Grand theater Sunday afternoon, when speeches urging immediate war with Germany were made by President William L. Bryan and Dr. J. A. Woodburn, head of the history department of Indiana university. Copies of ringing resolutions were telegraphed to President Wilson, Senators New and Watson and Congressman Bland. The Rev. C. H. Taylor, pastor of the First Methodist church, presided at the meeting.

Text of the Resolutions.

The resolutions, which were adopted by a ringing vote, follow: "We believe that this nation should adopt no halfway measures in dealing with the German menace. We are not a craven people and we urge the president and congress to act with vigor as becomes the leaders of a brave and honored nation. The people will perform their duty with unflinching devotion and unflinching courage.

"Fully realizing the gravity of the decision, but believing that failure to enter the war now on the side of democracy and liberty would be an irreparable national calamity, we urgently appeal to the president to ask congress to recognize the fact that a state of war does now exist between Germany and the United States.

"We believe that we should enter this war not only for the vindication of American rights and for the honor of the American name, but for the preservation of those ideals of justice and humanity upon which the security of the world must rest. We should exert our whole strength in money, men and arms in a manner worthy of a great nation fighting in a great cause. We should co-operate with the allies with all our might to defeat Germany and to bring the world war to a speedy end.

President Bryan's Address.

President Bryan, in the course of his address, said: "We are at war—war is upon us—it is not a time for discussion. We are all too unprepared. I think the most stupid and most wicked thing that has been said is that we do not need to prepare. When I ordered guns for our volunteer student soldiers I was told there was none. After a time I was notified 500 had been shipped up and they are on the way.

"Notwithstanding the fact that the world has been on fire for the last three years, we are unprepared for the great conflict that seems to be upon us. Labor war and I have faith in believing that this will be the last great struggle that the world will ever see. We should enter this war not half-heartedly, but with the strength and resources of the nation in the interest of speedy action and a quick peace. In a time of action there should be no divisions, and all should be of one mind."

Dr. Woodburn's Remarks.

Dr. Woodburn said he hoped to see the time when the rights of Americans would be respected in all parts of the world and when no nation would dare attempt to kill an American citizen. "Andrew Jackson was a fighting man and yet when he was President we had peace. I hate war with almost a holy hatred, but conditions have come to pass until it is now no time to talk, but a time for action. I think our President hates war and it is only because of international courtesies that we have not entered the conflict before now. Germany has taken the lives of more than 26 American citizens and it is because of these continued acts that long-suffering America now finds it necessary to rise up and defend its honor."

PATIENCE GONE, HE SAYS.

The Rev. G. M. Payne Asks Nation to Stand for Humanity.

(Special to The Indianapolis News)

NOBLESVILLE, Ind., April 2.—The Rev. G. M. Payne, speaking at the Second Presbyterian church here last night on "America and Germany," said that the German government was attempting to destroy the principle of democracy in government. Regarding the probability of war, he added: "This step is fraught with much seriousness and gravity. Should it be taken and would it be justified? The American people feel that the time has been forced upon them. Our patience has been exhausted. Germany has been arrogant, relentless and cruel in pillaging the causes of war. The United States has been patient, long-suffering and magnanimous. The state of the world depends upon the fulfillment of contracts, but Germany has betrayed her honor and her treaties. This is an era of the freedom of the seas, but Germany has put to a cruel death over 300 American citizens who were traveling under the protection of an agreement signed by Germany."

"Some have thought our President was slow and others have been very grateful that he has been so patient. But now, my friends, all patience is gone and the President is determined to protect American lives and property, and the duty of the hour is wholehearted support of our ruler.

"But listen, my friends. As a nation let us be true to God and the principles of justice and humanity. Take no cringing fear. If this republic is to teach the nations of the earth, institutions it must reassert, vindicate and re-establish the fundamental principles of independence, freedom and self-government, and maintain the rights of the small nations, the freedom of the seas and protect the lives and institutions of its own people."

PATRIOTISM AT ORLEANS.

Citizens Pledge Themselves to Support the President.

(Special to The Indianapolis News)

ORLEANS, Ind., April 2.—A patriotic rally was held here Sunday afternoon in the auditorium of the Methodist church. Patriotic songs were sung and several short speeches made. Will H. Talbot, former representative from the Third district, delivered the principal address, his theme being "Shall We Stay at Home When Our Brethren are at War?" He pleaded for a revival of the spirit of 1776 and 1861 and declared that the United States was in a most unusual situation, and a very precarious one, one from which there appeared to be only one escape, that of asserting her rights.

Resolutions were adopted, and a copy of them wired to President Wilson, Senators New and Watson and Representative Cox. The resolutions "heralded the support of the services of dentists to the army and navy, and that we will call upon our representatives in congress to lay aside all party or personal preferences that may be in the way of the efficient prosecution of a campaign in which the interests of the world of mankind are involved," and "we called we will respond and do our best to keep the name of the United States respected by the friends and enemies throughout the earth." In adopting the resolutions the audience rose in a body and waved flags.

EVANSVILLE MAYOR WARNS.

Must Be No Criticism of President or Playing of Kaiser.

(Special to The Indianapolis News)

EVANSVILLE, Ind., April 2.—Evansville citizens must stand by President Wilson and the country in the present crisis, according to Mayor William H. Ross, who has issued a statement to the public. "This administration is going to stand by the President," says the mayor in the statement. "I urge the people of Evansville to uphold the President, to display the flag and to fight for the flag should it become necessary. All petty political prejudices must be laid aside. The fair warning I have issued to the chief of police to see that every citizen who says anything that would cause ill feeling to be taken into custody. We are co-operating with the

MANY MONKEYS USED.

Rockefeller Institute Reports Investigations of Infantile Paralysis.

NEW YORK, April 2.—Results of investigations undertaken by the Rockefeller institute last summer after the outbreak of infantile paralysis and carried on since through a series of experiments on hundreds of monkeys, are set forth in the April number of the Journal of Experimental Medicine, the institute publication.

The conclusions are stated in papers by Dr. Simon Flexner, Dr. Harold L. Ames, Dr. Edward Taylor, of the Vermont state board of health, Dr. Carroll G. Bull and Dr. Allan M. Chesney.

This definite announcement is made that immune serum—derived from the blood of those who have recovered from the disease, is of definite curative value.

The report contains an analysis of twenty-six cases in which records were taken. In fourteen cases the serum was administered before paralysis had developed. Signs of paralysis followed in only four of these.

One of the things brought out by the investigations is the wonderful power of life the poliomyelitis organism possesses. Dr. Flexner reports experiments with virus that had been preserved for six years in a 50 per cent. solution of the weak disinfectant glycerol at a temperature of about 4 degrees centigrade.

With this preserved virus, Dr. Flexner produced experimental poliomyelitis in monkeys. Dr. Ames and Dr. Taylor found by experimenting on monkeys that "secretions of the nose and throat are a real and effective safeguard against infection with the virus of infantile paralysis, and probably serve to diminish the number of healthy carriers of the virus which might otherwise arise, as well as to remove and destroy the last of the virus present in the nose and throat of persons recovering from the disease."

NEWCASTLE—The citizens of Newcastle have arranged for a patriotic meeting to be held in the courthouse Monday evening, April 2, at 8 o'clock. A copy of the resolution was telegraphed to the president, to Senators New and Watson, to Congressman Everett Sanders, of the Fifth district, and to Edward Wright, grand exalted ruler of Newcastle.

for compulsory military training and urging only defensive action on the part of the United States in the present crisis with Germany were passed at a meeting of the Woman's Christian Temperance Union, of Allen county.

The resolutions declare that even in case of robbery and aggression the United States has only to stand on the defensive in order to obtain justice in the end.

LADOGA—This town is now decorated with flags. Six young men have enlisted in Company E. at Crawfordville. Three of them held by Mrs. Earl Wilton, laid aside their fancywork and cut out garments and ruled bandages for the American Red Cross. The work was done for the American soldier boys.

MARION—Moses Mark of Swayzee, past the age of acceptance as soldier or sailor, has announced he will add to the wages of any soldier or sailor enlisted from Swayzee a month for twelve months. The announcement was made at a union revival service in Swayzee and was greeted by cheers from the audience.

GREENCASTLE—Greencastle lodge No. 107, E. P. O. Elks, adopted a resolution unanimously pledging the support of the membership to President Wilson and the country in the present crisis. A copy of the resolution was telegraphed to the president, to Senators New and Watson, to Congressman Everett Sanders, of the Fifth district, and to Edward Wright, grand exalted ruler of Newcastle.

Wireless Station Is Scout Week Feature

A full fledged wireless station in the heart of the business district is what the Hoosier-Scout Radio Club has contributed to the celebration of Scout week. The station is in the show window of the Merchants Heat and Light Company office at Washington and Meridian streets, and its antennas are on the roof of the building. The station is complete in every detail and is

capable of receiving from across the Atlantic ocean, together with a transmitting range of 1,500 miles. The apparatus used was contributed by members of the Hoosier-Scout Radio Club, and most of it was constructed by the owners.

The station was attracting a great deal of attention today. The operators who have volunteered their services during the week are: Mornings, Richard Craig, Hilton Crouch and Bud Norvick; afternoons, Harold Barton, Carl Dean and James Sommers; evenings, Fred Pinchout, Evans Plummer, Hilton Crouch and Earl Swain. Four types of receiving apparatus are on exhibition.

Messages of a general character are written on blackboards by the operators. Picards describing the nature of the instruments have been posted around the station.

Charles J. Orblison spoke yesterday at a mass meeting of Boy Scouts in the auditorium of the Young Men's Christian Association, choosing for his topic, "Be Prepared." His address concluded with a stirring peroration, in which he paid tribute to the American flag, F. O. Belzer, Scout executive, presided as chairman of the meeting, and Charles Daugherty, of Shelbyville, led a series of yells and choruses. About 250 Scouts were present, and participated in a parade through the downtown streets following the meeting.

Police Interfere.

About 1,000 of the pacifists assembled on the steps of the main entrance to the capitol and became so active that squads of police drove them to the plaza. While small detachments of the pilgrims jeered and hooted, the pacifists shouted replies and there was no mistaking the nature of the words of some of the shouters. There were a few clashes between the two but nothing in the nature of serious fighting or disorder.

PACIFISTS OUTNUMBERED.

Special Trains Carry Militants and Peace Advocates to Washington.

NEW YORK, April 2.—Several thousand militants and nearly 1,000 pacifists filed a number of special trains for Washington, which left New York early today. Although the advocates of peace were outnumbered they got away in advance of the first train bearing those who styled themselves patriot pilgrims and who favor war.

Each pacifist carried a white tulip and wore an arm band inscribed "Keep Out of War." Professor E. C. Stowell, of Columbia university, who led the war pilgrims, said he expected nearly 20,000 persons would go from New York on this occasion.

"Why should patriots go to Washington now?" begins a statement issued by the committee in charge of the war pilgrims. The statement continues: "The hour has struck to put an end to the Prussian oligarchy and the house of Hohenzollern. There can be no peace nor democracy in the world until those enemies of democracy bite the dust."

Church Asks for War.

The war crisis provided a subject for sermons yesterday in churches throughout the city. At the Plymouth church in Brooklyn, the congregation, after listening to a sermon by Dr. Newell Dwight L. Smith, adopted a resolution calling on the congress for an immediate declaration of war against Germany.

The sermons of the war pilgrims started the organization of a regiment and in the event of war both the church building and the services of the regiment will be offered to the government.

The most notable peace sermon was delivered by Dr. John Haynes Holmes, pastor of the church of the Messiah. At the close Dr. Holmes offered to tender his resignation if the congregation desired it. The trustees of the church met last night but made no public announcement.

The navy department, it was announced today, has approved a plan to train men for handling quick strike guns on the harbor defense mosquito fleet, by opening schools of gunnery in vacant stores. Gunners from the New York navy yard will be detailed for this purpose.

MORE GUARDSMEN CALLED.

West Virginia, and Virginia Infantry and Battery for Police Duty.

WASHINGTON, April 2.—The war department today called into the federal service the following national guard organizations for police purposes: Second West Virginia infantry, Fourth Virginia infantry and Battery D, field artillery, Virginia.

URGES COMPULSORY TRAINING

Iowa House Passes Resolution Calling on Congress to Pass Bill.

DES MOINES, Ia., April 2.—The Iowa house of representatives by unanimous vote today passed the senate resolution endorsing universal compulsory military training and urging the congress to pass such a bill immediately.

Campaign to Add 4,000 Guardsmen.

DES MOINES, Ia., April 2.—Officers and men of the Iowa national guard, headed by Adjutant-General Guy Logan, today began a campaign to add 4,000 names to the muster roll of the organization. The guard is several hundred men short of minimum peace strength.

ATTENDANTS AND PACIFISTS ON SCENE

Rush Is Made on Washington to Influence Congress in Impending Legislation.

CAPITAL SHOWS PATRIOTISM

Street Parades Denied Both Sides, but Sidewalk Processions Are Planned.

WASHINGTON, April 2.—Pacifist and anti-pacifist parties besieged the capitol today in an eleventh-hour effort to influence the congress toward their respective views of impending war with Germany. Street parading was denied by police orders, but the program of each called for unorganized sidewalk processions to the capitol, where senators and representatives might be canvassed for their peace or war ideas.

Simultaneously thousands of telegrams from all parts of the country poured in on the capitol and White House, either praying for peace or urging drastic action against the enemy.

Flags floated from nearly every window in downtown Washington. From houses in the residence districts, and all automobiles carried red, white and blue banners. Men and women wore flags on their coats and children carried them to school. The day was marked by a show of patriotism seldom equaled in Washington, even on Independence day.

Most pacifists came here from New York and other cities under the direction of the Emergency Peace Federation. They arranged a meeting in the afternoon to act on resolutions and petitions, and a mass meeting for night. The anti-pacifists called themselves "Pilgrims of Patriotism," came from a number of eastern cities, marshaled by a New York citizens' committee to neutralize the effect of the anti-war forces.

White Bands on Arms.

The delegations of pacifists assembled at headquarters of the Emergency Peace Federation and were provided with white arm bands bearing in large black letters the inscription "Keep Out of War."

They were supplied also with cards to admit them to the business and meetings and the city addresses of their senators and representatives. The delegates were instructed to spend the morning calling on their legislative representatives and urging them to take no action that would lead to hostilities.

Anti-pacifists said they would be at the capitol whenever the pacifists planned to be there. They had instructions similar to those of the pacifists and long before the time set for the opening of the congress the telephone bells of senators and representatives in their homes and at their offices were tinkling with calls from both factions.

Lochner Directs Pacifists.

Louis P. Lochner was directing the activities of the pacifists. "If we should fail to prevent war," he said, "we will continue to work for peace just as certain people in England have done all during this war in Europe."

David Starr Jordan, one of the leading pacifists, made an effort to see President Wilson early today, but the President was busy.

Delegations of pacifists held "war protest" meetings in their respective senators' offices. One such delegation was rebuffed by Senator Wadsworth, who, one of several speakers said America had been a "false friend" to Germany.

"That's calling my country a traitor," he said, "I don't care to hear any more of it," said Senator Wadsworth in terminating the interview.

Police Interfere.

About 1,000 of the pacifists assembled on the steps of the main entrance to the capitol and became so active that squads of police drove them to the plaza. While small detachments of the pilgrims jeered and hooted, the pacifists shouted replies and there was no mistaking the nature of the words of some of the shouters. This meat pie, made with Hudnuts Grits, reduces the cost of living

Here is a big, satisfying dish for a whole family.

Hudnuts Grits will help you reduce your use of high-priced vegetables, without missing them. And that means a substantial saving.

Hudnuts Grits will give you better food and more food, than any vegetable, and at far less cost.

In actual food substance, 5 cents' worth of Hudnut's Grits will give you about three times as much as 5 cents' worth of potatoes.

The many appetizing dishes you can make with this highly nourishing vegetable product will prove a welcome change of diet for your family.

And if you really want to reduce the cost of living, give it the benefit of any doubt and try it. The cost is low.

HUDNUTS GRITS

Served as a Vegetable
In 4 1/2-pound bags, at your grocer's

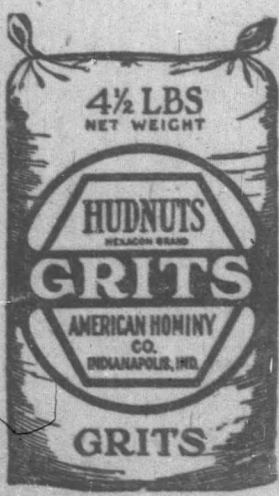

RECIPE—Hudnuts Grits Pie

To one cup GRITS add 3/4 cups water and half a level teaspoonful of salt, boil 30 minutes. Should you have boiled GRITS left over from a previous meal they may be used instead. Boil 1/2 or 3/4 of a pound of stew meat or the leftover portion of a beef roast or other meat, such as ham, with just enough water to cover. Then mince the meat finely and mix it and the liquor in which it was boiled together with the boiled GRITS; add a pinch of pepper and a chopped onion half the size of an egg. Bake in a quick oven and serve hot. If there is not enough fat in the meat to season this dish a little butter may be added.

Directions for cooking Hudnuts Grits into a number of dishes contained in every bag. A larger book, containing more recipes gladly sent on request.

Keeps Her Children In Perfect Health

Dr. Caldwell's Syrup Pepsin
the Family Laxative for
Many Years.

Mrs. Aug. Doellefeld, of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her four children in perfect health.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a mild, dependable laxative, such as Dr. Caldwell's Syrup Pepsin, should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes

be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Ill.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, calomel, pills act on bow-
els like pepper acts in
nostrils.

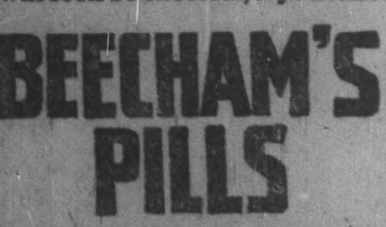

Enjoy life! Don't stay bilious,
sick, headache and
constipated.

Most old people must give to the
bowels some regular help, else they
suffer from constipation. The condi-
tion is perfectly natural. It is just
as natural as it is for old people to
walk slowly. For age is never so ac-
tive as youth. The muscles are less
elastic. And the bowels are muscles.
So all old people need Cascarets.
One might as well refuse to aid weak
eyes with glasses as to neglect this
gentle aid to weak bowels. The
bowels must be kept active. This is
important at all ages, but never so
much as at fifty.
Age is not a time for harsh physics.
You may occasionally wish the
bowels into activity, but a lax can't
be used every day. Advertisement.

Do you ever have the "blues"?

That discouraged feeling often
comes from a disordered stom-
ach, or an inactive liver. Get
your digestion in shape and
the bile acting properly—then
the "blues" will disappear. You
will soon be cheerful, if you take

the people's remedy for life's
common ailments. They act
thoroughly on the stomach,
liver and bowels, and soon re-
gulate and strengthen these im-
portant organs. Purely vege-
table—contain no harmful
drugs. Whenever you feel
despondent a few doses will

MILITARY DESPOTISM HIT

Francis, Hibben and Harlan Speak-
ers—Nicholson Introduces
Resolutions.

A prompt and aggressive war by
the United States against the Ger-
man imperial government was vig-
orously approved by 4,000 people at
Tomlinson hall Saturday night in a
wildly patriotic meeting, the like of
which has not been seen in Indiana
in this generation.

Not only did the great gathering
favor support of the allies, but it
went further and showed its ap-
proval of proposals by the speak-
ers that American soldiers should
be sent to Europe, and that no peace
should be made with the Hohen-
zollerns until they are crushed
and the word thus freed from
the danger of a military des-
potism. Sympathy was expressed
for the great body of the German
people whose blood the Prussian
military autocracy is sacrificing,
but warning of swift punishment
was given to German subjects or
sympathizers in this country who
are guilty of spying or treason.

Although the speakers used strong and
vigorous words in regard to the Ger-
man situation, the audience was in a mood
to let them go as far as they liked
without interruption, and when Mer-
edith Nicholson read the resolutions call-
ing for an aggressive war assisted by
universal military service in the United
States, there was a tremendous roar of
approval as practically all of the men
and women in the audience arose to
their feet with a chorus of "ayes."

Hundreds Could Not Get In.

Hundreds of people were unable to
gain admission to the hall where every
available bit of standing room was
taken. The hall was filled for an hour
before the regular program was begun,
and the Stars and Stripes were
everywhere, both in the decorations and
in the hands of the audience which
broke into cheers on the slightest op-
portunity. Band music and patriotic
songs were an important part of the
demonstration, and the crowd was kept
in a high state of enthusiasm by the
various military delegations
as they marched into the hall.

The idea of a purely defensive war
against Germany was denounced by
John Grier Hibben, president of Prin-
ceton university, and John Maynard Har-
lan, of Chicago, who said that the United
States would not be doing her part to
preserve the liberties of the world if
she did not join with the allies in crush-
ing the sinister plan of the Hohenzoll-
erns for world dominion.

Awake to National Crisis.

In introducing the Rt. Rev. Joseph
M. Francis, bishop of the Episcopal dioc-
ese of Indianapolis, as the chairman
of the meeting, Edward R. Lewis, sec-
retary of the citizens committee which
organized the demonstration, said the
success of the meeting would prove to
the eastern states that at least this part
of the middle west is not asleep, but is
alive with patriotism. Indiana is awake
to the greatest national crisis, he said,
and the same spirit which was felt in the
state in '61 is now in evidence. The
time has come, he said, for the United
States to join with France and England
and the other allies in striking at the
Hohenzollern menace.

There was tremendous applause when
Bishop Francis declared that "No man
has the right to claim the title, 'Ameri-
can,' who does not believe in American
principles; who is not ready to uphold
those principles at all cost. 'We are
Americans' he said, 'is our will-
ness that we have not sought war;
there he men among us who have clam-
ored for war for the sake of gain, and
declare the fact and they will be
repudiated by the nation. The fact is
that we have a byword and a hissing
among the people. Bishop Francis said
there had been plenty of opportunities
if we had desired war, but our govern-
ment has withheld its hand, and the
President has hesitated. I hate the enemy
as I hate the devil, and I will, against
all odds, against our will, against our
desires, we have been forced into war;
and the end is in sight."

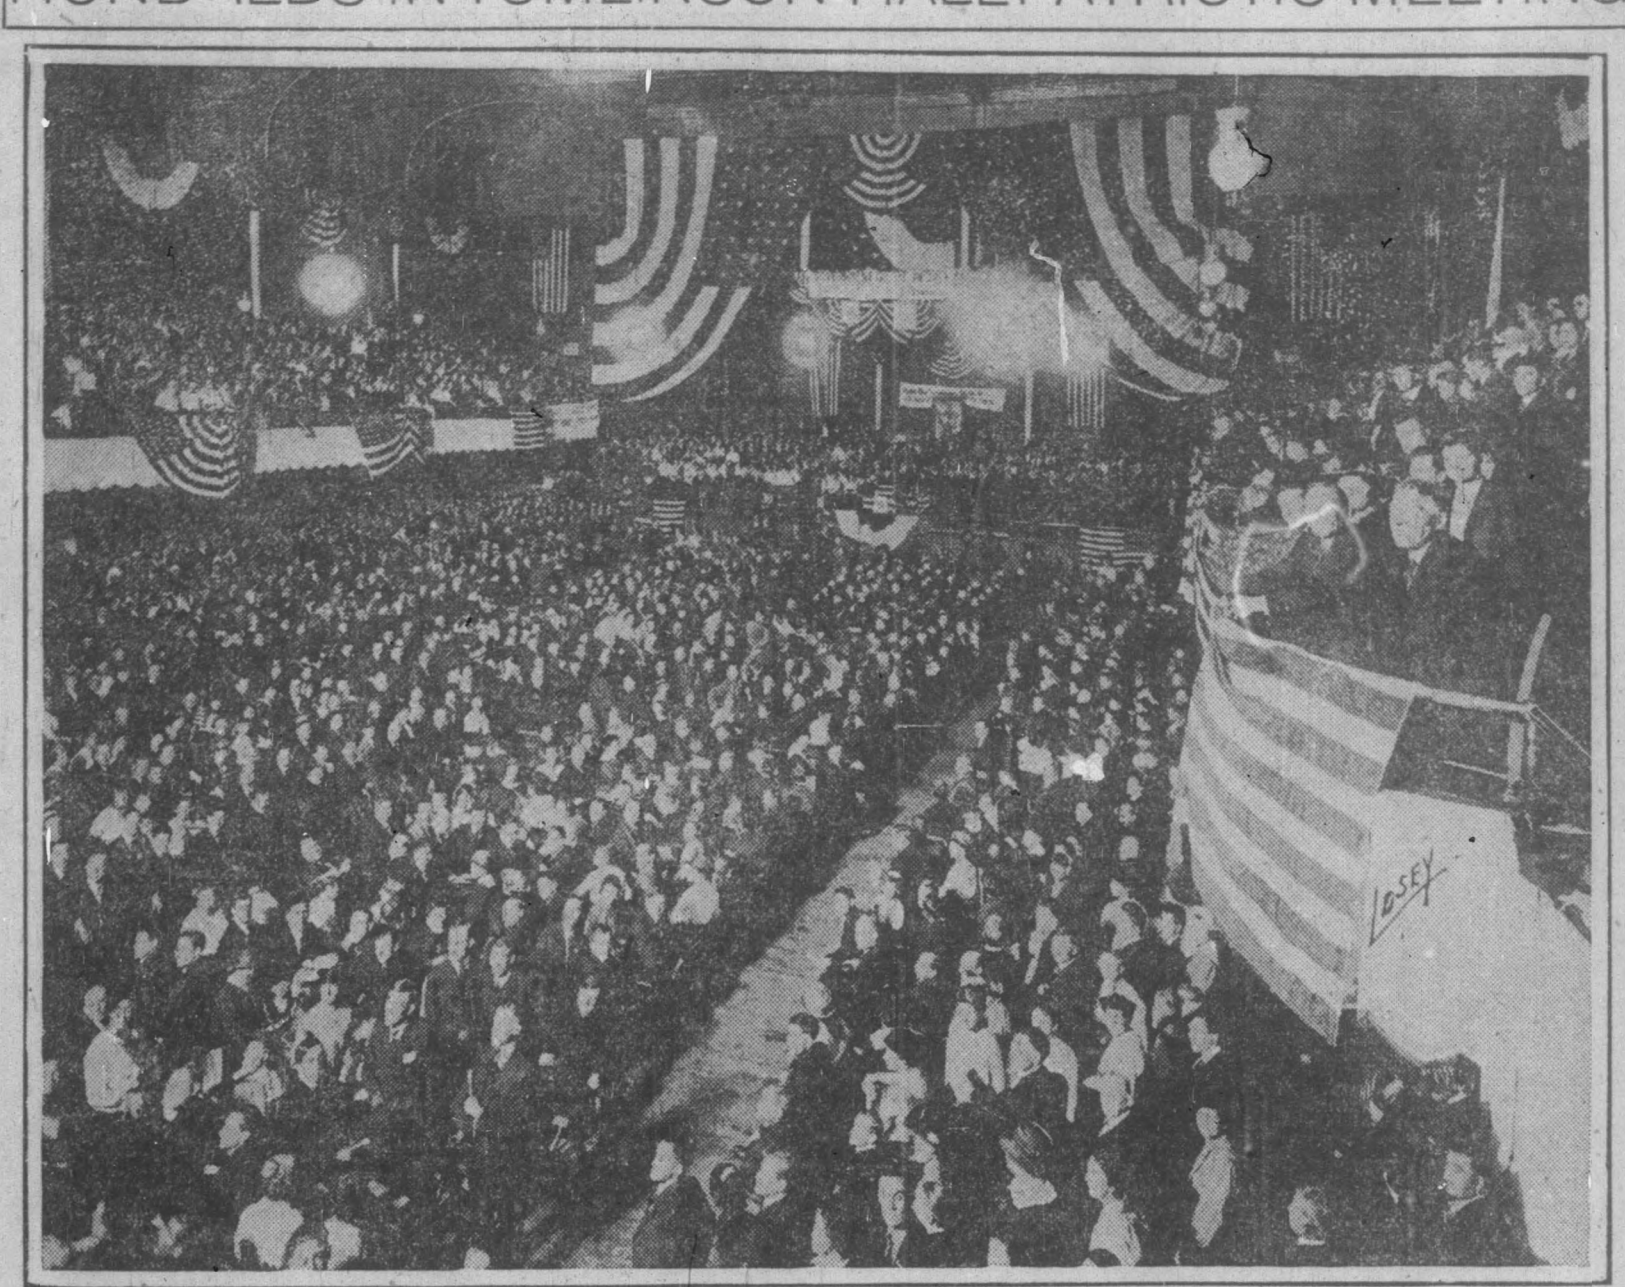

Purpose of the Meeting.

Bishop Francis said the purpose of
the meeting was to give the citizens an
opportunity to proclaim their allegiance
and to express their willingness to give
themselves and their all for a "holy
cause." "That is a patriotic American-
ism," he said, "which exhausts itself
in proud boasting of the greatness of
our land, of our resources, of our
resources and wealth and power, and is
unmindful of the deeper things which
make this country an ensign among the
nations. Our love of country should be
based on the nations of the world, and
that is the truest and the noblest of
all. It is not a love of the land, but a
love of the people, and a love of the
principles which brought her forth
and which she should strive to main-
tain."

Denounces the Pacifists.

Dr. Hibben opened his address with a
denunciation of the pacifists.
"It does not believe that any right think-
ing man delights in war for war's sake,"
he said. "No pacifist loves peace and
hates war more than I do. The pacifist
pretend to hold in trust the conscience
of the American people. I object to
that. There is only a word of comfort
for a certain type of pacifist, the type
that idealizes the creature comforts
of life that he cares nothing for the
honor of his country."
Dr. Hibben said he despised the cal-
culating spirit of the pacifist who argu-
ed that the submarine would kill only a
few hundred Americans, while war
would kill thousands, and therefore we
should submit tamely to the killing of
the hundreds. Such men, he said, for-
get that there are such things as Ameri-
can honor and American justice. He
said he recognized that pacifism is a
natural sentiment, but that it is a
sentiment that has no word of scorn, but
pitied them. Peace is good, he said,
but the preservation of our nation's
honor is a higher good, and higher
good should always be chosen. Lin-
coln was a lover of peace, he said, but
for the sake of the higher good he de-
clared the war would be persevered in

until righteousness, justice and liber-
ation of the oppressed should be vic-
torious for all time.

"Not an American."

Dr. Hibben denounced the editor of
a New York paper, which he did not
name, saying that in a public address
this man said that if a foe attacked us
we should not resist him, but should
welcome him. When this editor was
asked what he would do if the enemy
should assault his wife and daughters,
Dr. Hibben said he replied that that
was not a question he could answer
categorically. "God pity him. He's no
American," he said Dr. Hibben.

"We are here tonight because we be-
lieve there is no choice open to us ex-
cept war," he said. "There is no ques-
tion of our going into war. War has
come to us. We will stand for it. We
will turn our backs to it? Will we turn
our backs on all our fathers stood for
and all we have held sacred in American
traditions? The logic of events has de-
cided these questions for us. The time
has come when we must decide. We
must do something, or we will be
murdered by the sword. We must wait
no longer, he declared, hoping that others
will remove the German menace which
threatens America. He quoted the
words of Lincoln to the congress when
he asked, 'Are we degenerate? Are we
cowards? Are we of our race run out?' Dr. Hib-
ben asked whether these questions ap-
plied today, and there were cries of
"No" from the audience.

"What kind of a war should our coun-
try engage in? he asked. "It should be
a purely defensive war. 'When we
strike,' he said, 'let us strike fair-
ly. Let us strike the enemy where he
is weak. Let us strike him where he
is vulnerable. Let us strike him where
he is most vulnerable. Let us strike him
where he is most vulnerable. Let us strike
him where he is most vulnerable. Let us

PLEDGE LOYAL SUPPORT TO PRESIDENT WILSON

JOHNSON CO. CITIZENS ADOPT
PATRIOTIC RESOLUTION.

Z. T. SWEENEY IS SPEAKER

(Special to The Indianapolis News)
FRANKLIN, Ind., April 2.—The county-wide patriotic meeting held in the Franklin opera house Sunday afternoon was attended by 1,000 persons and many were turned away. The meeting was presided over by Robert M. Miller, and the Sunshine Society, composed of high school girls, dressed in white and wearing small American flags, acted as ushers. Fifty members of the Grand Army post of civil war veterans marched to the stage at the opening of the meeting and saluted the flag. Preceding the address, Douglas Dobbin, of this city, recited an original poem, "A Welcome to Old Glory."

Pledge Adopted.

The following was adopted and sent to President Wilson:

"We, the citizens of Johnson county, Indiana, in mass convention assembled at Franklin, April 1, 1917, pledge to President Wilson and to congress our loyal support in this time of national danger. With firm friendship for the German people, we must yet express our utmost abhorrence of German militarism. Because of the disregard of international law, because of the unjustifiable attacks upon our citizens, we call on those in authority to guard by every means in their power our sacred institutions and the lives of our people. War we deplore, but we stand for the freedom of the seas, the security of our citizens and the honor of our flag and we indorse the efforts of the government to protect the sacred cause of human liberty in this awful hour."

Z. T. Sweeney Speaker.

The speaker was the Rev. Z. T. Sweeney, of Columbus. He said that while we were not great in military and naval strength compared to Germany and Europe yet, over all, the American nation was the greatest nation on God's footstool in that we did not require a regiment of soldiers at every crossroads to keep peace. In speaking of the place of the United States in the civilization of the world, he said God had placed the American government in the center around which all governments must radiate.

"The fact is acknowledged," he said, "by foreign countries that we have the finest manhood in the world. If we need a George Washington, a Lincoln or a Woodrow Wilson, we have a man ready for the position. The two great principles that lie at the bottom of our civilization and which have made us great over other nations, are the fatherhood of God and the brotherhood of man. These principles gave us the Magna Charta and the Constitution; they are in the Bible because they are true, but they were true before there was a Bible. God has fitted the American nation to be the exponents of expansion and to assimilate the foreigners and make Americans out of them. We are now confronted with a mighty destiny, a menace that threatens our liberty, equality and patriotism. Our time has now come to take a hand, and no man will shrink when called on to go forth and fight."

GOVERNOR SPOKE.

Attended Roundup Meeting of Recruits for Company F.

(Special to The Indianapolis News)
WINCHESTER, Ind., April 2.—Governor Goodrich delivered an address, Saturday evening, at a mass meeting held here in an endeavor to recruit Company F to war strength. The meeting was held as a closing feature of the roundup of recruits in the county which had been under way by members of the militia since Friday morning. The company, consisting of 37 men and three officers, left Winchester Sunday noon by special train to do police duty "somewhere in Indiana." The failure of transportation to arrive from Chicago caused them to be delayed twenty-four hours in moving. A car was sent here Saturday afternoon for the company's baggage. Twenty-eight recruits were enlisted for Company F, last week. Many applicants were rejected owing to being under age. Citizens of Winchester desiring military training will have an opportunity to receive it, this week, when an officer will conduct the regular army drill each evening in the armory of Company F.

TO ORGANIZE BATTERY F.

Ft. Wayne Will Make an Effort to Recruit 365 Men.

FT. WAYNE, Ind., April 1.—Captain Scheffer and Lieutenant Moriarty, of Battery D, have opened a recruiting office in the Allen county courthouse and will make an effort to get 365 men by next Thursday night. A new battery will be organized to be known as Battery F. William C. Schwier, county commissioner, volunteered use of the courthouse to the government and said he would work every day himself, putting the corridor in shape. Schwier is the man who ordered paper flags removed from the courthouse windows ten days ago, causing a storm of criticism.

Prefers Service in U. S. Army.

(Special to The Indianapolis News)
HAMMOND, Ind., April 1.—Love of country prompted Joseph Robineau, a Chicagoan, to leave the Canadian army where he had enlisted, and enlist at the United States recruiting office here. Robineau says there are hundreds in Canada who wish to enlist in America in the hope of getting into a fight earlier. Recruiting here is proceeding faster than in any place in northern Indiana. Sixty-seven more recruits were sent to Ft. Thomas, Ky., today.

Raising a Battery at I. U.

BLOOMINGTON, Ind., April 1.—An effort is being made to organize a battery of artillery among the students of Indiana university, and it is believed the required 100 men will be enlisted. Professor Kenneth P. Williams, who recently returned from the Mexican border, will be captain. Active in the recruiting work are Howard Hawley and Joseph Dailly. Several members of the faculty favor giving full credit to students who enlist.

Gets Second Lieutenantcy.

(Special to The Indianapolis News)
DANVILLE, Ind., April 1.—Paul Good, of Claydon, has received a commission in the United States army as second lieutenant. He took an examination last October. Good was a senior in Indiana university when Company 1 was called out for duty on the Mexican border. He entered the federal service as trumpeter. He returned from the border with the rank of sergeant-major of the first battalion.

Indiana Enlistment Notes.

SHELBYVILLE.—An effort to enlist a unit of twenty-five men for service with Battery E was started here Monday. A recruiting office was opened and a drum corps and band obtained to attract young men.

WORTHINGTON.—Enlistment continues here. There is a decided preference for the army rather than the navy. Earl Vandevanter, Ray L. Grant and Corporal Will Conway returned to their companies. They have seen service on the Mexican border. Lee Adams and Charles Pool went with them to enlist and both were accepted.

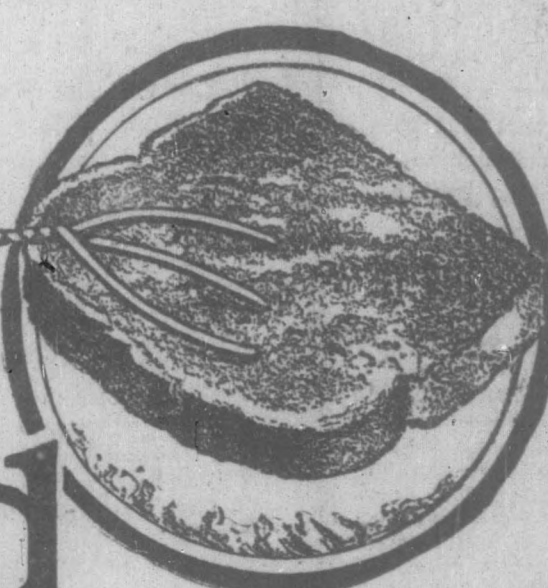

EVANSVILLE.—Lieutenant Orion Norcross announces that he has signed eighty-five men for his cavalry troop, twenty names having been obtained Sunday. There will be a booth at a patriotic mass meeting at Evans hall Wednesday, and after the 6 o'clock meeting for the cavalry troop will be called for. The Evansville Rifle Club, organized here a short time ago, now has thirty-eight members.

COLUMBUS.—Harry Frohman, Ray Frohman, Isaac Frohman, Jack O'Haran, Frank Pollard, Dr. Roy T. Marshall and Frank Marshall, all local business men, have started military training. They are to be a point two miles north of Columbus. There they cast a few moments and then run back again. They have been doing this for several mornings and they declare they are getting in fine trim.

ANDERSON.—Flag and other patriotic exercises daily in the high school are not enough for the spirit of the older boys, so they are organizing the Anderson high school cadets with the high school principal as a captain of a former militia unit in Anderson as the drill master. The cadets will be uniformed similar to the cadets at the United States military academy and will apply to the war department for rifles for practice on a rifle range that will be established for the cadets.

LUCKY STRIKE cigarette It's toasted

DID they use to make your morning toast over the coal fire, with a toasting fork? Then you remember how good it tasted; hot, buttered, crisp.

There's never been anything better, has there?

This toasting idea is the star invention to produce flavor, all right. And toasting has certainly given the final touch to this new Lucky Strike cigarette; the Burley tobacco—it's toasted.

Lucky Strike, the real Burley cigarette

Until now the trouble's always been that Burley wouldn't keep the flavor in cigarette form. But we've been working to find a way to do it. We saw 60 million pounds of Burley poured out of those green, red and blue tin boxes last year. That's enough for 35 billion cigarettes—against 21 billion ready-made cigarettes sold in 1916.

And after five years of study and work we made this toasting discovery—simple, like all big discoveries. We toasted the Burley tobacco—that held the flavor.

Now think again of that savory flavor of hot, buttered toast—you'll be off to buy Lucky Strike cigarettes, quick. The Burley tobacco—it's toasted.

SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on this life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most, will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.

Don't be discouraged Resinol Soap will clear your skin

Many and many a girl has a clear, healthy complexion today because some friend came to her with that sound advice. Resinol Soap not only is delightfully cleansing and refreshing, but its daily use reduces the tendency to pimples, offsets many ill-effects of cosmetics, and gives nature the chance she needs to make red, rough skins white and soft.

If the skin is in bad shape, through neglect or improper treatment, a little Resinol Cleanser should at first be used with the Resinol Soap, to loosen the return to normal conditions. Resinol Soap and Resinol Cleanser are sold by all druggists.

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little Zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, black heads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

Tribesmen Look Forward to Games
in Atlanta and Memphis—At

(By R. C. Thompson, Sporting Editor of
The Indianapolis News)

ALBANY, Ga., April 2.—If the Indians could open the American Association today instead of a week from next Wednesday, every player on the team would be tickled to the limit. The fourth week of training work started this morning and because it has become a little irksome, Manager Hendricks announced that the team will have no practice today, including a military drill for the next three days that the tribe is here.

"It will mean more pep when they know they won't work in the afternoon," said Hendricks. "We will have a little extra time at the morning sessions and that will suffice for the time being. We have not missed any camp coming here and I don't want the players to grow stale from too much work."

Ready to Start North.

The Indians are counting the hours until train time next Wednesday night, when the team starts north. After games in Atlanta and Memphis, the tribe will head for home Sunday night. The team is scheduled to arrive in Indianapolis next Monday shortly before noon, in plenty of time to start the exhibition with the Giants in the afternoon. In the Southern League, which is a Class A organization, should furnish splendid workouts for the Indians, and if no accidents happen the tribe will be in midseason form to start the association season with Toledo at Washington Tuesday.

Drill on Program.

A discussion of war prospects last night led Manager Hendricks to decide some military training for the players and if threatening rain does not interfere the Indians will be put through an hour infantry drill today. There are two newspaper men with the team who have had military training and they volunteered their services as drill masters. When Connie Mack was here with his Atlanta Braves several days ago he talked for some time about the military training of his players.

"I thought it was a joke at the start," said Mack. "but they now know that it is not. The drills impress boys who are in an emergency day after day. I am in favor of a short drill before a game after the season opens."

Manager Hendricks told his men that they must take the matter seriously and that they will see that they do it as well as they can.

TELLS OF CEREMONIES OF ROMAN CATHOLIC CHURCH

The Rev. F. H. Gavie speaks concerning Holy Week in Sunday Sermon at St. John's.

Speaking of Holy week the Rev. F. H. Gavie said in his sermon at St. John's church yesterday:

"The Catholic church employs a language of ceremony and symbolism to inspire its members with devotion and impress them with the grandeur of God and the sanctity of religion. Kneeling, for instance, denotes dependence and supplication; standing at the gospel shows reverence for the sacred word; incense represents prayer and is used to pay honor; the sign of the cross is emblematic of faith in our crucified Saviour and belief in the Trinity. Christ instituted the ceremony of the holy sacrament at the Last Supper. Each vestment has a meaning. Many of the ceremonies were instituted by the

apostles and most of them come from the early ages of the church. All carry instruction and excite devotion. Holy week is richer in these ceremonial than any other period of the year.

The last sermon of the Lenten course of sermons will be preached Wednesday night in all of the Catholic churches. Generally, these sermons during Lent have been preached by the younger priests of the city.

Easter, which comes at the end of Holy Week, is the greatest of all feasts of the Catholic church. Collections are taken in all Catholic churches on Easter for the seminarians—young men who are studying for the priesthood. Last year the collection in the diocese of Indianapolis amounted to \$11,584. The appeal of Bishop Chartrand for this year's collection was read in all Catholic churches yesterday.

To Increase Food Supply

NEW YORK, April 2.—Plans to organize the women of New York state to increase the food supply by intensive

home gardening and eliminating waste were announced here by officers of the Woman's Suffrage Party in connection with the offer of its services to the government in the event of war. Mrs. Ruth Lidd, who for several years has successfully managed her farm of 120 acres at East Patchogue, Long Island, has been appointed chairman of a committee having this work in charge. A statement issued by the party, which claims 50,000 membership in this state, called on all women to aid by making home gardens and thus utilizing all available land.

The Woman's Suffrage Party of the state offered its services several weeks ago and, according to the leaders, since no special work has yet been assigned to them, they have decided to take the initiative in the program of helpfulness proposed by the United States department of agriculture. Representatives of the National League for Women's Service, which has been organized in thirty-two states, will meet in Washington Tuesday to systematize and correlate their activities in conjunction with the council of national defense.

PLEDGES LOYALTY OF M. E. CHURCH TO NATION

THE REV. G. M. SMITH'S SERMON AT ROBERTS PARK.

AMERICA FIRST, MY AMERICA

The loyalty of the Methodist Episcopal church was pledged to the President and the nation by the Rev. George M. Smith, pastor of Roberts Park M. E. church, in his sermon yesterday morning. In part he said:

"Since the war began America has been sending food for the hungry, clothing for the naked, nurses for the wounded, sympathy to all and prayers to heaven for the peace of the world. It seems today that God is calling on America to help answer her own prayers. The Methodist Episcopal church stands for peace and believes in preparedness, but not a preparedness that will engender misand and hostility may write in one word the cause of this war, and that word is 'militarism'."

Insult and Injury.

"This nation with its Christian spirit and love of peace since the war began has suffered a thousand times more insult and injury than the incident that precipitated the war. But the time has now come when the sons of men who laid down their lives for 'free trade and sailors' rights,' can no longer hesitate with honor, when our ships are being sunk, when our commerce is being driven from the seas and our flag dishonored."

The fine patriotism of the Roberts Park church is clearly evidenced. Last night our splendid choir thrilled the great patriotic meeting in Tomlinson hall with 'The Messiah of Nations.' Some one has placed a large flag in our Sunday school room and has loved in this church and whose life has long been beautiful before the whole city. E. E. 'The Messiah of Nations' presents her church with this flag which is to stay near the altar on the pulpit until the good day when peace returns."

God's Glory, Old Glory.

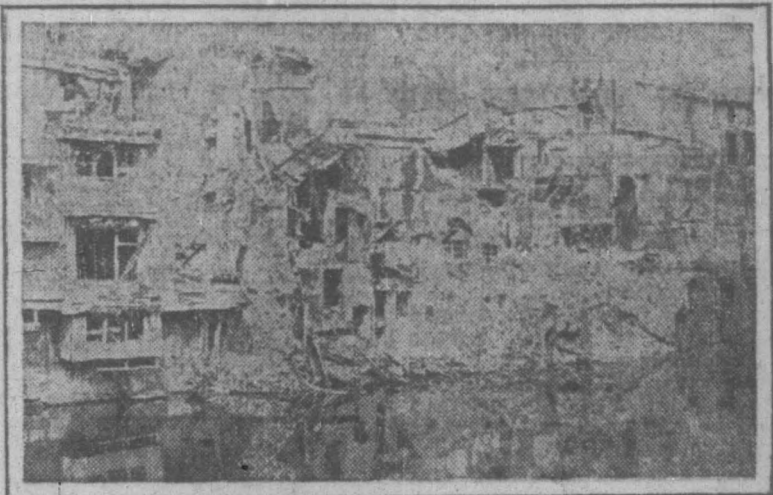

"In the membership of this church are descendants of the various nations at war in Europe. We may not forget the land from which we sprang, but with every one of us it is 'America first, my America.' In these troublous days I propose as the slogan for Roberts Park church, 'My first best for God's glory, my next best for Old Glory.'"

"In time of the civil war the general assistance of the loyal support of the Methodist Episcopal church, in reply Mr. Lincoln uttered that memorable statement, 'It is no fault of other churches that the Methodist church has sent more soldiers to the field and more nurses to the hospitals and more prayers to heaven than any other church, for it has more to send.' If we must come the Methodist Episcopal church will be as loyal to Woodrow Wilson as it was to Abraham Lincoln."

Governor Presides.

Asserting that the church has a great mission to perform to the state, and that the training of the church develops the best type of soldier, Governor Goodrich presided last night at a patriotic service in the Roberts Park M. E. church. The state may depend on the loyal service of the church and of the churchmen in the present crisis, declared James M. Ogden, who spoke on the church work done in Indianapolis in recent years. Other speakers were the Rev. Frank L. Loveland, pastor of the Meridian Street M. E. church, who was the principal speaker. Dr. Loveland spoke on "The Efficiency of the Church." He emphasized the need of efficiency in religious work and urged the need of organized men's Bible classes assisting in the work of introducing efficiency into the church. Referring briefly to the present international crisis which is facing this country, he declared it is time for this nation,

RED CROSS BENEFIT WEEK OPENS AT ENGLISH'S THEATER TONIGHT

—Copyright by Meri Im Vov.

THE RIVER FRONT AT VERDUN.

Patriotic night will open the Red Cross benefit week at English's theater tonight, when "Heroic France," a motion picture, will be shown. It will be the attraction throughout the remainder of the week. Meredith Nicholson will give a short talk on patriotism and Mrs. Helen Warrum Chappell will sing. The photo film is known as America's Warning, for it shows what France and Belgium have suffered through unpreparedness. There will be a Lewis gun on exhibit in front of the theater all week with a person detailed to explain the weapon.

Major Robert H. Tyndall, of the Indiana national guard, will speak Wednesday evening, which will be army and navy night, and the Boys' Club will be on hand to sing patriotic songs. Wednesday afternoon will be Red Cross and interurban day.

Through the co-operation of Mrs. S. E. Perkins, president of the Woman's Department Club, and regent of the Caroline Scott Harrison chapter of the D. A. R.; Mrs. David Ross, of the Junior Motion Picture Indorsers, and members of the Parent-Teachers' club, Reassurers and other clubs, special chaperones will be provided for children unaccompanied by other persons at the matinees. A part list of the club chairman follows:

Mrs. Merle N. A. Walker, of the Woman's Department Club committee, Wednesday afternoon; Mrs. Curtis Hodges, chairman; Mrs. Norman Jones and Mrs. O. C. Lukensbill, of the Parent-Teachers' committee, Friday afternoon; Mrs. George M. Dickson and Mrs. A. A. Barnes, chairman of a Children of American revolution committee, Saturday afternoon.

Meanwhile members of the Red Cross committee and members of other women's organization have volunteered to see that all the children attending the photo film performances will be safe and welcome.

The Indianapolis News' Newsboys Band, which paraded the downtown streets at noon today, will be the guests of the Red Cross committee at the performance Tuesday night.

BIBLE CLASSES OF CITY IN A PATRIOTIC PARADE

MEN'S ORGANIZATIONS HOLD TENTH ANNUAL RALLY.

DR. LOVELAND IS A SPEAKER

In a patriotic parade, which included martial music by two bands, approximately 1,000 members of the men's Bible classes of the Marion County Sunday School Association marched through the downtown streets Sunday afternoon to the tenth annual rally of the organization in the First Baptist church. The Rev. Frank L. Loveland, pastor of the Meridian Street M. E. church, was the principal speaker.

Dr. Loveland spoke on "The Efficiency of the Church." He emphasized the need of efficiency in religious work and urged the need of organized men's Bible classes assisting in the work of introducing efficiency into the church. Referring briefly to the present international crisis which is facing this country, he declared it is time for this nation,

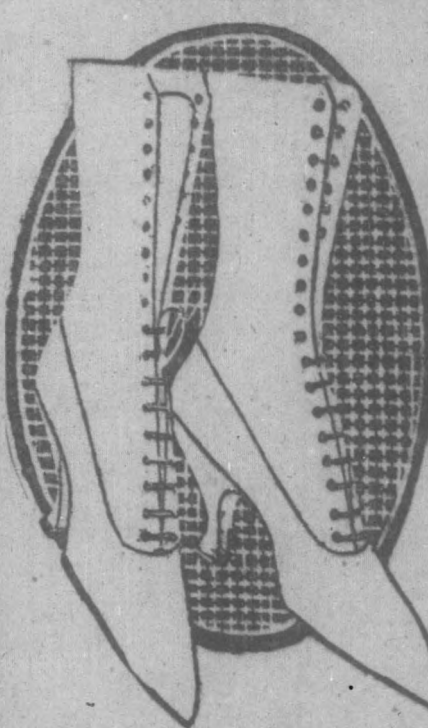

which has been smitten on both cheeks, to take action against the offender. A. B. Cornelius, superintendent of the adult department of the county association, presided. Fred Bartlett, of the Memorial Presbyterian church, directed the music.

The parade preceding the meeting began at the Soldiers and Sailors' Monument. A platoon of mounted police and the police drill squad acted as an escort. The police band followed. The remainder of the line consisted of men's Bible classes from practically every church in Indianapolis.

The business men's class of the Central Avenue M. E. church carried the banner offered for the class having the largest number of men in line, it having seventy-three. The men's class of the Brookside Park U. B. church, winner of the banner in last year's parade, was second with seventy-one men in line. The Woodruff Place Baptist church men's Bible class had fifty-eight members in the parade, the Indianapolis M. E. church class had fifty-one, the Memorial Presbyterian church class had forty-nine and the young men's class of the Third Christian church had fifty-one men. Members of the women's Bible classes reviewed the parade from the steps of the Y. W. C. A. building.

E. J. Scoonover was marshal of the parade. His assistants were Dr. W. T. McCullough, president of the men's Bible class of the Memorial Presbyterian church, and Frank C. Jordan, of the Central Avenue M. E. church. The Brookside Park U. B. men's Bible class band of twenty-four pieces joined the procession near the completion of its march.

DELEGATION TO LEAVE INDIANAPOLIS TUESDAY

WILL URGE THE CONGRESS TO TAKE POSITIVE STAND.

OTHERS INVITED TO GO

A delegation of Indiana men will leave Indianapolis tomorrow morning at 11:40 o'clock for the purpose of urging the congress to take a positive stand in the crisis with Germany, and to pass a law at once for universal military service. An effort was made to send a delegation Sunday, but the notice was so short that it was decided to wait until Tuesday. If as many as 100 decide to go to the Pennsylvania railroad will arrange for a special train to go at that hour.

Among those who have expressed their intention of going are Hugh Moly, Landon, Ralph Lemcke, James I. Disette, A. M. Glosabrenner, H. C. Atkins, Henry Kahn, J. D. Forrest, Arthur Grover, W. P. Herod, Hugh H. Harrison, Lew Wallace, Jr., R. D. Ruth, Lockard and R. C. Loxey. Persons who wish to join the delegation are asked to communicate with Mr. Landon in his office at the Hume-Mansur building not later than tonight.

Frank S. Fishback and Henry W. Bennett left for Washington Sunday and probably will join the Indianapolis delegation when it arrives there. Mr. Landon says that men from other parts of Indiana are invited to become members of the delegation.

TEN ASK ABOUT \$13,000.

Members of Railway Insurance Organization File Suits.

Ten suits asking for judgments aggregating approximately \$13,000 have been brought in the circuit court against the Locomotive Engineers' Mutual Life and

Accident Insurance Company by members or former members, who aver that the defendant organization has attempted to expel them as members.

The defendant organization is affiliated with the Brotherhood of Locomotive Engineers. It is alleged that because William H. Rother, one of the plaintiffs, in a hearing on the use of electric headlights before the interstate commerce commission at Washington, testified other than the way desired by the brotherhood leaders, an effort was made to expel Rother and the men who stood by him from the insurance association. Besides Rother the plaintiffs are Everett B. Carter, William H. Higgs, Alexander E. Martin, John H. Ryan, George Taylor, James I. Alley, James E. Magenis, Alfred J. Abdon and George T. Abdon. The judgments asked range from \$500 to \$1,000.

TO CONTINUE SERVICES.

Kate M. Neville at Church of Silent Unity.

Kate M. Neville, field lecturer for the Unity School of Christianity, will continue for one more week her work at the Church of Silent Unity. She spoke Sunday at 3 p. m. on "The Way of Attainment Through Fasting and Prayer," and again, in the evening on "The Power of the I Am." Her noonday talks on prosperity at Unity Truth church, in the Odd Fellow building, will be continued this week. The classes held on Monday and Friday also will be continued.

Today at 3 o'clock the subject at the class meeting was "The Secret of Dominion and Its Attainment," and this evening at 7:45 the class will be repeated. Wednesday at 7:30 p. m. a prosperity demonstration service will be held, with a special talk on the subject by Miss Neville. On Friday classes will meet at 3 p. m. and 7:45 p. m. Sunday an Easter service at 3 p. m. will have for its sermon topic, "I Am the Resurrection and the Life," and at another meeting at 3 p. m. the sermon topic will be, "The True Resurrection."

A Departed Jest.

Perpetual Peace or Perpetual Battle?

THE WORLD PATRIOTS ARE UNITED FOR THE PURPOSE OF PROMOTING PEACE AND FREEDOM (at a time when these benefits seem to be fast disappearing from the so-called civilized portions of the globe) at home and abroad. They desire to banish all hatred and fear and remove the causes of national jealousies and suspicion and to replace injustice, privilege and oppression by brotherhood in co-operation.

THEY BELIEVE THAT AS LONG AS PEOPLE ARE WILLING TO KILL THEIR FELLOWMEN THERE CAN BE NO END OF WAR. THAT TO KILL ONE PERSON, EVEN IN ORDER TO SAVE ANOTHER IS WRONG—and that no good has ever resulted from the use of violence.

They consider American guns more of a menace to lives and liberties than those of any foreign enemy; for these guns, by their very presence are an invitation that may create an enemy.

Also, these same guns may any day be turned on those who are endeavoring to resist injustices in their daily occupations.

THEY REALIZE THAT WAR, POVERTY, CRIME AND MOST DIS-EASES ARE UNNECESSARY AS THERE IS PLENTY IN THE WORLD FOR EVERY PERSON TO LIVE IN LUXURY AND COMFORT—that these evils are due to the concentration of most of the wealth and resources of this country (as well as that of other countries) in the hands of a few people who are thus able to control the lives of a large majority of the population, to keep them ignorant of their power of betterment.

They believe, as it has been proved by the world tragedy across the sea, that war can not conquer war nor can militarism be conquered by more militarism and the issue is permanent liberty or permanent bondage, perpetual peace or perpetual battle.

THEY DENY THE PRIVILEGE OF PARENTS TO VISIT THEIR SINS ON THEIR CHILDREN and to mortgage the minds, bodies and souls of coming generations for the empty title of "national honor."

They desire to "call the bluff" of those patriots who are endeavoring to enforce conscription for purposes of home defense and at the same time are planning to send thousands of American men away from home to fight across the seas.

They, therefore, demand that America be kept out of war and the immediate termination of the carnage across the sea.

Wanted: Sons and daughters of a living revolution—a patriotism unconfined by narrow boundary lines, a larger conception of the words, "love thy neighbor," which includes the people across the world as well as those across the street. Remember, there is no compromise in the words, "Thou shalt not kill."

Awake! oh people of America, yours is the privilege of all ages, for you, and you above all others, can now bring peace on earth, good will to all, and place America first for all time among all nations by initiating world peace.

Remember in 1794 United States vessels carrying food to French ports were seized by the British, but instead of going to war President Washington sent over John Hay, who arranged for an arbitration which finally awarded the United States \$11,000,000 in compensation.

All who abhor war and love peace, resolve now that you shall not fight and that you will be peacemakers.

Men and women, will you sign a pledge in the name of humanity not to kill and help in killing any human beings?

Help conquer war with peace. Write to your senator, your congressman, your President demanding their practical aid to carry out this program.

I Will Not Kill Nor Help Kill My Fellowmen

—Featuring the smartest models—the most wanted colors (plenty of white footwear which, has come into such pronounced vogue)

at very moderate prices because we are bearing much of the additional costs ourselves!

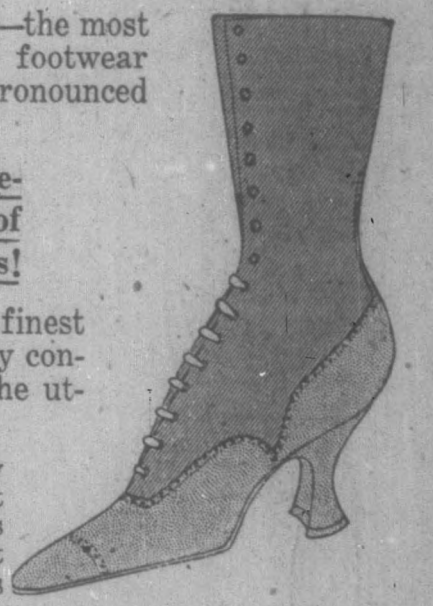

That we present Indianapolis finest collection of footwear is generally conceded—that we are presenting the utmost in value here is established.

We mark shoes at an unusually close basis, on the sound theory that even though the profit on each pair is comparatively small, we will win out on volume—and our shoe business is growing as no business ever grew!

L.S. AYRES & Co. Orders by Mail Carefully Filled L.S. AYRES & Co.

Answering the Demand of the Hour Smart Apparel for Easter Wear

Ready is such a showing of suits, coats and Easter frocks as has seldom been assembled in the Ayres store.

It is an assortment replete with the staples, the novelties and the fanciful creations of America's best tailors and most reliable importers.

Paris has been the inspiration of many of the most attractive suits this spring. The showing, which embraces everything from the strictly tailored model to trimmed suits of obvious but tasteful elegance. In evidence—

At \$37.50, suits of gros de Londres silk in navy blue, wistaria and black. Blouse coat with full cuff bottom, skirt circular in style, and self-colored ornaments and buttons. Sizes 36 to 44.

At \$59.50, a Paul Poiret suit in what is known as the domino check. It is a costume of simple lines with remarkable elegance. Made of tan tricotine—the design is exclusive with L. S. Ayres & Co.

At \$45.00, rookie colored suits of Poiret twill, paneled front and back and slashed at the side. Brilliant messaline linings and a panel pleated skirt, handsomely stitched, distinguish this as one of the handsomest among new cloth suits. Sizes 16 to 38.

You will find the showing of spring suits at its best now. Everything to be desired between the price limits of \$25.00 and \$100.00. —Third floor.

Topcoats for Easter Wear

Several hundred new spring coats have just arrived from New York city, the home of the world's best tailoring. Materials employed comprise tan and gray mixtures, black and white checks and beautiful cloths in such colors as navy blue, Copenhagen blue, apple green, chartreuse, gold, tan and black.

Everything from gunniburi and velour to serges and taffetas. Plenty of coats in Poiret twill and gaberdine.

Prices \$19.75, \$25, \$29.50 and \$35

Novelty coats and wraps, of which there are but one of a kind, are featured at from \$50.00 up to \$250.00. Nothing handsomer anywhere. —Third floor.

Frocks of Silk and Georgette \$15, \$19.75, \$25 and up to \$100

If you had the patience and the time we could show you one dainty frock after another for an hour and never show a duplicate. It is one of the distinctive attractions of Ayres garments, this variety of models.

Most of these dresses are copies or adaptations of recent Paris conceptions. Nothing could be newer, we think nothing could be prettier than these modishly smart frocks for Easter wear.

Silk frocks are beautiful in their coloring and incredibly smart by reason of the introduction of Georgette sleeves and collars and the prodigious employment of embroidery effects. They are superior quality and superior style garments. —Third floor.

Easter Sale of Leather Luggage

At Prices Far Below the Reigning Market

It has been no small undertaking to convince manufacturers that Ayres patronage warranted something extraordinary in the way of concessions for this annual event.

Our success, however, with the makers is eloquently reflected in the values we now present; this event furnishes REAL BARGAINS.

Everything listed will be on sale in the morning—an opportunity not lightly to be passed.

At \$5.00, 14, 16 and 18-inch cowhide bags, some leather lined, others lined with plaid serge, suitable for man or woman. Only 20 of these.

At \$7.50, black or brown hand-sewed cowhide traveling bags of 2½-ounce leather with brass locks and catches—nearly 100 of them, all leather lined.

At \$15.95, calfskin and cowhide bags in 16 and 18-inch sizes and of a quality to grow enthusiastic about.

At \$19.75, traveling bags reflecting the expert hand work of skilled artisans. Leathers and linings are of the highest class.

At \$9.95, 16 and 18-inch hand-sewed traveling bags with silk or leather linings. Three of these bags for women are outfit.

Suit Cases, \$5.00 to \$10.95

Both men's and women's suit cases are included in this diversified assortment. All are of cowhide and sizes comprise everything from 16 to 26 inches in length. Bargains you will appreciate on sight.

Traveling Bags at \$3.95

These traveling bags are well made, of real leather and lined with sturdy, good looking serge. They will give years of service.

At \$10.95 is a group of 16 and 18-inch hand-sewed bags of pigskin or cowhide in smooth seal or walrus grain. We consider these one of the best bargains in the sale.

At \$12.95 are choice Likly bags in 16 and 18-inch sizes—nine different styles. Shapely and of choice materials. —Street floor.

En Passant

Easter cards are an attraction of the east aisle, which keeps the stationery department crowded most of the time. There are some very pretty cards at 5c and 10c. Others 15c and 25c.

Easter booklets, something new in their line, are 25c and 50c. —Booth.

Novelty stationery is among other recently added attractions at this counter. These come handsomely boxed at \$1.00 and \$1.50. The envelopes have colored linings.

Adjoining the stationery section is the Book Shop, suggesting at this season, as Easter gifts, beads, testaments, prayer books and hymnals. A Catholic friend paid us the compliment a few days ago by saying that our rosaries and prayer books were the handsomest he had ever seen at the prices. —Street floor.

REPUBLIC DEMANDED IN SPEECHES IN REICHSTAG

CHANCELLOR SCORED BY SOCIALIST LEADER.

SHOUTS OF TREASON HEARD

LONDON, April 2.—There were stormy scenes in the reichstag Friday, according to a Reuter dispatch from Amsterdam, when Socialists' deputies foreshadowed the establishment of a republic and demanded that the reichstag have larger powers in the foreign policy. Dr. Eduard David, the Socialist leader, is quoted by the Cologne-Gazette as saying: "My party has addressed an appeal to foreign Socialists for peace without annexation. It has been rejected. The French want absolutely to annex Alsace-Lorraine."

He declared that the imperial chancellor's words, directed to the new rulers of Russia, had transgressed the military censorship, for the military authorities had instructed the press that nothing must be published appearing like approval of the Russian revolution. He asked for the creation of a constitutional democratic state. Georg Ledebour, Social Democratic leader, said: "If the German emperor urgently advised Emperor Nicholas in 1905 no longer to oppose the justified demands of the people, why did not the chancellor venture to give the same advice to Emperor William? We regard a republic as a coming inevitable development in Germany."

"History now is marching with seven-league boots. The German people, indeed, show incredible patience. The reichstag must have the right to a voice in the conclusion of alliances, peace treaties and declarations of war. The imperial chancellor must be dismissed if he demands it."

Shouts of "High treason!" interrupted Herr Ledebour, and the president called him to order.

GERMAN-AMERICANS BALK.

Adopt Resolutions at Newark Asking Congressmen to Vote Against War.

NEWARK, N. J., April 2.—Resolutions have been adopted by the German-American Central Alliance here calling on Congressmen Parker, Ray and Lehman not to vote for war with Germany at the special session of the congress. The alliance represents 12,000 German-Americans living in Essex county.

Little Stories of Daily Life
A Child's Faith.
Although the car was near the end of the line, all the seats were still filled when a woman entered. At once a small girl of four slid down from her seat beside her mother and offered her place. The woman hesitated, but as the child's mother urged her, she accepted the offer. Because the child was so young the incident attracted the attention of the passengers. It was the usual evening of folks-tired and apathetic looking. But many kept their eyes on the child.

Soon, at a stop, when everything was quiet, the little girl lifted her arms toward the straps which hung far above her. Her mother said sympathetically: "You can't reach them yet, can you, Dearest?"

Then such a wonderful smile beamed upon her face—oh, so full of sure faith in the short years that lay between her and those straps—as she answered in a voice that rang: "Not yet."

And the eyes of the onlookers grew bright or moist as they thought of the varied possibilities for those years before the child. But one of that company, at least, opened her heart to the childish faith and was a better woman because of it.

Three Beans in Change.
A lean, seedy-looking, thirsty man walked into a saloon the other day and somewhat hesitatingly ordered refreshments. When the bartender had filled the order, his patron reached into a pocket and questioningly deposited a large Irish potato as payment.

"Yes, sir," said the bartender, withdrawing his hand from a peck measure at the rear, "and here's your three beans in change."

The Garden Day by Day

Are you prepared to fight insect pests and diseases that lie in ambush ready to attack the vegetable garden almost as soon as the seedlings are above ground? The wise gardener knows that he must have on hand both insecticides and fungicides and be ready to use them. An ounce of prevention is worth a pound of cure. If the garden is small, a hand sprayer is sufficient to guard it against the invasion of the plant enemies. As for the spray solutions, these can be had already prepared and requiring only the addition of water to render them ready for use. Bordeaux mixture is probably the best all-round fungicide. But it should be used as a preventive rather than as a cure. In other words, spray before disease appears. Bordeaux, used in time, will prevent rot, rust, and similar fungus diseases. Many gardeners apply it regularly every eight or ten days. It can be had in a convenient paste form. An ounce of this paste to one gallon of water makes an effective solution.

Another excellent spray is made from the Bordeaux-arsenate of lead mixture. This is both a fungicide and insecticide, and is also to be had in the paste form. Three ounces to the gallon of water is the usual formula followed in the use of this general spray to protect the plants against both disease and insects is known.
